The purpose is to have the engineering, building, and construction work of the State placed directly under the charge of one department, instead of having it left with several commissions. By doing so better results can be accomplished at a less cost to the State. The engineering work of the State at present is performed by the Department of Highways, Board of Public Works, Débris Commission, and San Francisco Harbor Board. The monthly salaries of the Department of Highways is \$515.00; of the Board of Public Works, \$890.00; of the Débris Commission, \$75.00, and the San Francisco Harbor Board, \$650.00. These several amounts do not include field assistants.

The total salaries of the engineering department of the State amount to the sum of \$2,130 per month.

Besides this amount there is expended by the State for architectural fees and outside engineering about \$20,000 per annum. Thus there is expended for this branch of the State service, in salaries and fees, the sum of \$45,590 per annum, and this amount will steadily increase.

Under modern methods of construction, the sciences of engineering and architecture are so allied that they can well be, and they should be, under one departmental head.

The making of all plans for public work, at least so far as the same affects our State institutions, numbering twenty or more, the improvement of our rivers and harbors, the construction of highways and bridges, should be under one department. This department should not only prepare all plans, but, with the advice and approval of an advisory board, should make all estimates, let all contracts, and supervise all work for which contracts are let. By doing this there would not only be a large saving in salaries and architectural fees, but a very large saving in the cost of the work to be performed, with the assurance that better work would be done.

There would also be kept in one office all plans of buildings, all contracts let and all the reports of engineers and architects affecting public work, and in doing so a proper check can better be kept of all work coming under its supervision. While, as stated before, there would be a large saving to the State in the way of salaries and fees, it is also unquestionably true that placing all this engineering and architectural work under one efficient responsible head, will result in saving many thousand dollars annually by insuring a strict compliance with the terms of all public contracts.

At the present time much of the work done at our public institutions is accepted by the board or commission having control of the same. From the fact that those men are unskilled and unfamiliar with engineering or architectural affairs, it necessarily follows that they are likely to be misled and deceived as to the kind and character of the work performed.

The recent earthquake has exposed in a striking manner the inadequacy of our present system—much of the loss suffered by the State by the total or partial destruction of some of its institutions is directly traceable to defective work done in the construction thereof. Had there been a responsible head, skilled in such work, whose duty compelled him to honestly determine the kind and character of the work done, much of this loss would have been avoided and many lives saved.

These institutions are about to be repaired or reconstructed, and it is a duty incumbent upon us to see that former mistakes are avoided. The bills referred to provide a scheme which in a large degree removes the possibility of a repetition of our former mistakes.

The establishment of a Department of Engineering, as provided in said bills, commends itself favorably to me.

I feel confident that better results can be obtained for the State, and large sums of money saved to the taxpayers. I commend the said bills to your most careful consideration, trusting that you will take such action thereon as to your judgment appears to be for the best interests of the business of the State.

Should this measure creating the Department of Engineering meet your approval I would commend to your favorable consideration the bill introduced amending Section 2521 of the Political Code. The purpose of this amendment is to place the Engineer of the Board of Harbor Commissioners of San Francisco under the control of the Department of Engineering.

I would further commend to your favorable consideration the bill amending "An Act to regulate contracts on behalf of the State, in relation to erections and buildings." The object to be attained by this amendment is to harmonize this measure with the Act

establishing a Department of Engineering. I desire, however, to particularly direct your attention to the amendment proposed in Section 3 of the above Act. Under the present law it is provided that all contracts must be let in seven subdivisions. Bids must be received and contracts let for the work embraced in each subdivision. The reception or acceptance of bids for the performance of the entire work is prohibited. Under these circumstances the State is most seriously handicapped. It is undoubtedly true that in many instances the State, if permitted, would receive bids for the entire work, which would be less than the aggregate of the separate bids. This being so, it is unwise and unfair to the State to prescribe a method of bidding which may and oftentimes does prevent the State from obtaining the best terms upon public contracts.

As our duty is primarily to the State of California, and not to the contractors, I would suggest that the amendment embraced in Section 3 of the above Act be adopted. It will permit the advisory board of the Department of Engineering to submit all bids in an alternative form, and places it within their power to adopt the one that will result in the greatest benefit and saving to the people of the State of California.

J. N. GILLET,
 Governor of the State of California.

PRESIDENT PRO TEM. WOLFE IN THE CHAIR.

Sec. 19. No railroad or other transportation company shall grant free pass or passes, or tickets at a discount, to any person holding any office of honor, trust, or profit in this State; and the acceptance of any such pass or passes, or tickets by a member of the Legislature, or any public officer, other than a member of the State Board of Equalization, shall work a forfeiture of his office.

NOTICE OF MOTION TO RECONSIDER.

Senator Curtin gave notice that on next legislative day he would move a reconsideration of the vote whereby Senate Constitutional Amendment No. 2 was this day refused adoption.

EXPLANATION OF VOTE.

Senator Cartwright explained his vote as follows:

MR. PRESIDENT: I am in favor of the resolution, not because I believe that the Railroad Commission should be abolished absolutely, but that as at present constituted it serves no useful purpose to the people of this State. After a careful examination of the laws of Illinois and the results to the people of that State, I believe that Illinois has come more nearly to the solution of her railroad problems than any other State in the Union. In Illinois the Governor appoints and removes the members of the Railroad Commission at will and public opinion compels him to remove any commissioner who fails to do his duty.

CONCURRENT RESOLUTION

By Committee on Rules:

Resolved, by the Senate and Assembly concurring. That the following be and are hereby adopted as the joint rules of the Senate and Assembly of the State of California.

JOINT RULES OF SENATE AND ASSEMBLY.

Joint Address to Governor.

1. When the Senate and Assembly shall judge it proper to make a joint address to the Governor, it shall be presented to him in his audience chamber by the President of the Senate in the presence of the Speaker of the House and a select committee of nine (9) members, appointed for that purpose from each House.

Bill or Resolution in One House, Rejected in the Other, Requires Notice.

2. When a bill or resolution which shall have passed one House is rejected by the other, notice thereof shall be given immediately to the House in which the same shall have passed.

Each House to Transmit Papers.

3. Each House shall transmit to the other papers on which any bill or resolution shall be founded.

Joint and Concurrent Resolutions.

4. Joint resolutions are those which relate to matters connected with the Federal Government. All other resolutions relating to matters to be treated by both Houses of the Legislature are concurrent resolutions.

Joint Resolutions Treated as Bills.

5. All joint resolutions shall be treated in all respects as bills; except that all joint resolutions shall be read but one time in each House.

Amendments to Amended Bills Must Be Attached.

6. Whenever a bill or resolution which shall have been passed in one House shall be amended in the other, such amendment or amendments shall be attached to the bill or resolution so amended, and indorsed "Adopted," and such amendment or amendments, if concurred in by the House in which such bill or resolution originated, shall be indorsed "Concurred in," and such indorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Clerk or Assistant Clerk of the Assembly, as the case may be.

Bills Read and Referred to Committee.

7. When a Senate bill has been received by the Assembly, or an Assembly bill by the Senate, with a message announcing that the same has passed the Senate or Assembly, such bill shall be read the first time by the Secretary or Clerk and referred to a standing committee.

Special File.

8. After the — day of February, 1907, the Senate and Assembly shall adopt and provide a special file upon which shall be placed: In the Senate, only Assembly bills that have passed the Assembly; and in the Assembly, only Senate bills that have passed the Senate. Such special file shall be taken up at two o'clock P. M. of each day, and be considered at least one hour and a half after being so taken up. This rule shall not be suspended in either House except by a three-fourths vote of such House.

Bills Not to Be Printed for Engrossment Unless Amended.

9. Unless bills have been amended they shall not be again printed for engrossment, but the Engrossing Clerk shall use a copy of original printed bill in an engrossed bill cover, and report same back immediately after comparing same.

After a Bill Has Been Passed by the Senate or Assembly.

10. When a bill (if it be a Senate bill) has been received from the Senate by the Assembly, after its passage, or (if it be an Assembly bill) has been received from the Assembly by the Senate, after its passage, it shall be taken up by the Senate or Assembly, as the case may be, under the regular order of business ("Senate Messages" or "Assembly Messages"), read the first time, and shall then be assigned to the proper committee, who shall act upon the same as soon as practicable, and report the same back to the Senate or Assembly forthwith, and the chairman of each com-

mittee is charged with the observance of this rule, provided that the Senate or the Assembly may, at any time, order such bill reported back from any committee by a majority vote.

To Concur or Refuse to Concur in Amendments.

11. In case the Senate amend and pass an Assembly bill, or the Assembly amend and pass a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments.

When Amendments are Concurred In.

12. If the Senate concur (if it be a Senate bill), or the Assembly concur (if it be an Assembly bill), the Secretary or Clerk shall notify the House making the amendments, and the bill shall be ordered to enrollment.

When Senate or Assembly Refuse to Concur.

13. If the Senate refuse to concur (if it be a Senate bill), or the Assembly refuse to concur (if it be an Assembly bill), the Secretary or Clerk shall notify the House making the amendments of the action taken, and ask that they recede from their amendments. If they refuse to recede, a Committee on Conference shall be appointed, consisting of six members, three to be appointed by the President of the Senate and three by the Speaker of the Assembly. The Committee on Conference shall report to both the Senate and Assembly.

Committee on Conference.

14. In every case of an amendment of a bill agreed to in one House and dissented from in the other, if either House shall request a conference and appoint a committee to confer, the other House shall appoint a like committee; and such committee shall meet at a convenient hour, to be agreed upon by the respective committees.

Committee on Free Conference.

15. If the Committee on Conference fail to agree, or either the Senate or Assembly refuse to adopt the report of the committee, it shall then be in order to appoint a Committee on Free Conference.

A Committee on Free Conference shall consist of six members, to be appointed in the same manner as a Committee on Conference.

The Committee on Free Conference are hereby empowered to suggest in their report any new amendments which they may adopt as a committee, and such amendments made by such committee shall be attached to the bill.

The report of the Committee on Free Conference shall not be subject to amendment in either House, and in case of non-agreement no further proceedings shall be had.

When Conference Committee Report is in Order.

16. The presentation of report of Committee on Conference or Free Conference shall always be in order, except when the Journal is being read or a question of order, or a motion to adjourn is pending, or while the Senate or Assembly is dividing, or during roll-call; and when received, the question of proceeding to the consideration of the report, if raised, shall be immediately passed upon, and shall be determined without debate.

Messages Must be Announced by the Assistant Sergeant-at-Arms.

17. When a message shall be sent from either House it shall be announced at the door by the Assistant Sergeant-at-Arms, and shall be respectfully communicated to the Chair by the person by whom it may be sent.

Secretary, Clerk, Etc., to Carry Messages.

18. Messages shall be sent by the Secretary, Clerk, or by such person as a sense of propriety of each House may determine to be proper.

Notices to Be on Paper, Under Proper Signature.

19. Notice of the action of either House to the other shall be on paper, and under the signature of the Secretary or Clerk of the House from which such notice is to be conveyed.

Enrolled Bills to Receive Signature of Proper Officer.

20. After a bill shall have passed both Houses, it shall be duly enrolled and carefully compared by the Enrolling Clerk and Enrolling Committee of the Assembly, or of the Senate, as the bill may be originated, and shall first receive the signature of the presiding officer and Clerk or Secretary of the House in which it emanated, before it shall be presented to the Governor of the State.

Enrolling Committee to Compare.

21. When bills are enrolled they shall be re-examined by the Enrolling Committee of the House in which they originated, who shall compare the enrollment with the engrossed bill as passed in the two Houses, and, correcting any errors that may be discovered in the enrolled bill, make their report forthwith to the House in which the bill originated, stating by whom such bill was examined.

President and Speaker to Sign Bills.

22. After examination and report, each bill shall be signed in the respective Houses, first by the Speaker of the Assembly, then by the President of the Senate.

Enrolling Committee to Present Bills to Governor.

23. After a bill shall have been thus signed in each House, it shall be presented by the Enrolling Committee of the House in which it originated to the Governor of the State for his approval (it being first indorsed on the back of the bill by the Secretary or Clerk, as the case may be, certifying in which House the bill originated). The said committee shall report the day of presentation to the Governor, which time shall be carefully entered on the Journal of the House in which the bill originated.

Daily History of Bills, Etc.

24. There shall be printed daily, by both the Senate and the Assembly, a history of all bills, joint and concurrent resolutions, and constitutional amendments, which shall show the action taken by the House up to the day preceding the publication of such history. A regular form shall be prescribed, and no other form shall be used.

Secretary and Clerk to Keep Register.

25. The Secretary of the Senate and Clerk of the Assembly shall keep a register, in which shall be recorded every action taken by the Senate and Assembly on every bill, concurrent or joint resolution, or constitutional amendment.

Secretary and Clerk Shall Indorse Bills.

26. The Secretary of the Senate and Clerk of the Assembly shall indorse on every original bill a statement of any action taken by the Senate and Assembly.

Adjournment Sine Die.

27. An adjournment *sine die* shall only be made by concurrent resolution.

Dispensing With Joint Rules.

28. No joint rule shall be dispensed with except by a vote of two thirds of each House; and if either House shall violate a joint rule a question of order may be raised in the other House and decided in the same manner as in the case of the violation of the rules of such House; and if it shall be decided that the Joint Rules have been violated, the bill involving such violation shall be returned to the House in which it originated, without further action. Or, at the option of such House, the President or Speaker may direct the Secretary or Clerk to mark the section or sections in conflict with the rules as non-concurred in or negatived.

Senate concurrent resolution read.

MOTION.

On motion of Senator Willis, the following report was ordered printed in the Journal.

SUPPLEMENTAL REPORT OF SENATE JUDICIARY SUB-COMMITTEE ON CODE REVISION BILLS.
SACRAMENTO, February 11, 1907.

To the Senate Judiciary Committee:

GENTLEMEN: The following are the changes and the reasons for the changes in the Code Revision Bills thus far reported upon by your sub-committee:

Senate Bill No. 355. Section 595, Pol. C.

The amendment changes the word "district" to the word "superior" before the word "court," in order to give effect to the section.

Senate Bill No. 208. Section 1010, C. C. P.

Requires the notice to state when, and the grounds and papers upon which the motion will be made. Codifies what the actual practice is to-day, and what is generally provided for in rules of court.

Section 1011, C. C. P.

Changes the hours during which notice may be served at an attorney's office in his absence, so that the hours shall be from nine to five instead of from eight to six; excuses the leaving of papers at an attorney's residence if in a county other than that of his office; provides means of service when his residence is in another county, or when neither his office nor his residence is known; and authorizes both the plaintiff and the defendant to leave their address with the clerk, and requires that notice served on them be left at or sent to such address.

Section 1013, C. C. P.

Directs that notices deposited in the postoffice be enclosed in sealed envelopes, and substitutes "thirty" for "ninety" in the last line.

Section 1015, C. C. P.

The amendment adds the last two sentences and is intended to supply a mode of serving notices and papers when the attorney for a party has been removed or suspended or has no known office within the State.

Senat Bill No. 203. Section 1086, C. C. P.

Substitutes "verified petition" for "an alldavit" in proceedings by *certiorari*.

Section 1087, C. C. P.

Excuses the clerk on issuing a writ of mandate from inserting therein the allegations of the petition.

Section 1088, C. C. P.

Requires a copy of the petition for a writ of mandate to be served with the alternative writ, or with the notice of application for the peremptory writ. This codifies what is the present practice, and makes it uniform instead of confining it to such Superior Courts as have embodied it in their rules.

Section 1089, C. C. P.

The form but not the substance of the section has been changed, and the sense made clearer thereby.

Senate Bill No. 209. Section 1005, C. C. P.

The amendment allows the notice of motion to be for five days whenever the court is held in the county in which one of the attorneys has his office. This is the rule of court already adopted in most jurisdictions of the Superior Court, and the amendment makes the practice uniform throughout the State.

Senate Bill No. 201. Section 1110a, C. C. P.

This is a section added to the Code of Civil Procedure expressing substantially the rule upon the subject already enforced by the Supreme Court.

Senate Bill No. 202. Section 1103, C. C. P.

Substitutes "verified petition" for "an affidavit."

Section 1184, C. C. P.

Excuses the clerk on issuing a writ of prohibition from inserting therein the allegations of the petition.

Senate Bill No. 204. Section 1069, C. C. P.

Substitutes "verified petition" for "an affidavit."

Senate Bill No. 205. Section 1057, C. C. P.

The change consists in the addition of the last two sentences, and authorizes the court to exact a new undertaking in any case in which it is shown that any surety on a bond has become insufficient, thus avoiding all possible doubt of the court's power in the premises.

Senate Bill No. 207. Section 1025, C. C. P.

Corrects a mistake in present section by inserting the word "recovered" after the word "property," where that word last occurs.

Section 1031, C. C. P.

Corrects a clumsily expressed section by inserting the words "or proceeding" after the word "action," in the first line, by inserting the article "an" before the word "express" and the same article before the word "action," and substitutes the word "proceeding" for the word "defense," at the end of the section.

Senate Bill No. 211. Section 997, C. C. P.

The words "not less than ten days" are substituted for the words "at any time" before the words "before the trial," to make the section consistent with the time allowed plaintiff for acceptance of the offer specified in the section. The words "after the offer" are added after the word "incurred," and the last clause is added to the section in order to enforce the change. The section as thus amended requires an offer of compromise to be made at least ten days before the trial and entitles the plaintiff to costs up to the time of the offer, though he does not obtain a judgment for a sum higher than that offered.

Senate Bill No. 215. Section 749, C. C. P.

This section is hereby repealed because it has been made superfluous by the late amendments to Section 412 of the Code of Civil Procedure. Moreover, there are two sections 749 in the Code, one enacted in 1891 and the other in 1900. They do not supersede each other under the principle of *Ex parte Ruffin*, 119 Cal. 487. The superfluous one is here repealed, leaving the other in force.

Senate Bill No. 216. Section 740, C. C. P.

The word "real" is omitted before the word "property," the amendment thus extending the benefit of the section to all classes of property.

Senate Bill No. 217. Section 728, C. C. P.

The change recommended is the omission of the words "there being a rebate of interest where such rebate in the property" at the end thereof, and the limiting the same to the amount necessary to pay the principal and interest already due.

Senate Bill No. 218. Section 714, C. C. P.

The words "or in which he has a place of business" are added to the section, thus making it possible to examine judgment debtors in supplementary proceedings in those counties in which they have a place of business.

Section 717, C. C. P.

The word "and" is substituted for "or" after "judgment" and before "upon," to make the section conform to what was evidently the intent of the Legislature at the time of its passage.

Section 719, C. C. P.

The amendment consists in adding lines 7 to 10, inclusive, in this section, thus limiting the right of the judge or referee to order the delivery of property to those cases in which no adverse interest is claimed thereto.

Section 720, C. C. P.

The amendment consists in striking out the words "the court or judge may authorize by an order made to that effect," thus enabling the judgment creditor to sue for property to be subject to his execution without first obtaining an order of court.

Senate Bill No. 562. Section 599, Pen. C.

There are at present two sections 599 in the Penal Code, one referring to the killing of gulls and cranes, and the other referring to the killing of elk. The former is left intact, and the latter is repealed and reenacted as 599f.

Senate Bill No. 561. Section 526, Pen. C.

Repealed because declared unconstitutional by the Supreme Court in *Ex parte Quarg*, 84 Pacific Rep. 766.

Senate Bill No. 213. Section 803, C. C. P.

The amendment adds the last sentence to the section, requiring corporations, whether *de facto* or *de jure*, to be made parties to proceedings seeking to forfeit franchises exercised by them, thus settling definitely a question of procedure sometimes raised through the present incompleteness of the section.

Senate Bill No. 219. Section 700, C. C. P.

The present Section 700 of the Code of Civil Procedure is split in two sections, 700 and 700a. All of Section 700 after the word "thereto," on line 5 of the printed bill, is an addition thereto, and declares the effect of a sale of real property under execution, and that, when supported by a judgment lien or the levy of a writ, the title of the holder relates back to the date of such lien or levy. This simply codifies the present law on the subject under the decision of the Supreme Court. The part of the section omitted is made a new section, to be numbered 700a.

Section 700a, C. C. P.

The only thing in this section is the requirement that the certificate of search shall include a statement of the date of the judgment and of the names of the parties thereto; the remainder of the change simply consists in recasting into more concise form what is clumsily expressed in the original section.

Senate Bill No. 210. Section 992, C. C. P.

The amendment consists in striking out the words "except a discharge from such liability by the statute of limitations," at the end thereof, and inserting in lieu thereof the following: "by reason of any defense existing at the commencement of the action." This removes the prohibition against the pleading of the statute of limitations if that defense existed at the commencement of the action.

Section 993, C. C. P.

The amendment consists in adding at the end of the present section the words "subject to the order of the parties to amend their pleadings as in other cases," thus entitling the parties to amend their pleadings as in other cases and changing the rule adopted in *Waterman vs. Lippman*, 67 Cal. 26.

Senate Bill No. 313. Section 387 of C. C. P.

The amendment consists in adding the words, on line 17 of page 2 of the printed bill, "within ten days from the service thereof," thus removing any ambiguity respecting the time within which the complaint in intervention must be answered.

Section 388, C. C. P.

The words "and the individual property of the party or parties served with process," on lines 9 and 10 of the section on page 2 of the printed bill, have been added, thus avoiding multiplicity of suits.

Section 389, C. C. P.

The words "or to determine conflicting claims thereto," in line 12 of the section, on page 2 of the printed bill, have been added, thus authorizing the bringing in of new parties in actions to determine conflicting claims of real or personal property, and thus avoiding multiplicity of actions.

Senate Bill No. 317. Section 512, C. C. P.

The word "notice" is changed to "endorsement," line 14 of the section, page 1 of the printed bill, the preceding section having provided for an endorsement but not for a notice.

Section 519, C. C. P.

The amendment omits the words "stating the grounds of such title or right," that being entirely unnecessary and to no useful purpose and provides that the amount of undertaking to be given by the plaintiff must be equal to double the value of the property taken, such being the present practice, often under rules of court.

Senate Bill No. 321. Section 572, C. C. P.

The words "to the action" are added after the word "party" on line 4, page 1 of the printed bill, as in its present form the section is entirely misleading.

Section 573, C. C. P.

The amendment consists in consolidating Sections 573 and 2104, there being two sections covering the same subject, where only one is needed, and omits the first sentence of the former section, so as to remove any possible conflict between them.

Senate Bill No. 303. Sections 53 to 55, 65 to 69, C. C. P.

The recommendation is that these sections be repealed, because the matters intended to be expressed therein are contained in Sections 1 to 8 of Article IV of the Constitution of the State, and so far as these sections conform to that Article they are unnecessary, and in so far as they depart from it they are invalid. The attempt to make a legislative statement of these provisions has already led to litigation and to some of the legislative expressions being declared unconstitutional, as in the *Jessup case*, 81 Cal. 408, and *Merced Bank vs. Rosenthal*, 99 Cal. 38.

Senate Bill No. 304. Section 115, C. C. P.

Repeal of section recommended, as it relates wholly to prosecution of public officers, and its provisions should be incorporated in the Penal Code.

Senate Bill No. 305. Section 134, C. C. P.

The amendment recasts the section substituting the words "on any of the holidays mentioned in Section 10," instead of attempting to mention the holidays, which are always changing, and are designed to conform to the section in the Constitution. See *Reclamation District vs. Hamilton*, 112 Cal. 610.

Section 135, C. C. P.

The amendment changes the phraseology of the section to conform with Section 10 and the amendments proposed to Sec. 134.

Senate Bill No. 306. Section 139, C. C. P.

The change recommended is to strike out the words "for one week." Neither the sheriff nor the clerk can, under the Constitution, be authorized to adjourn court, and thus close it for a definite time, other than from day to day.

Senate Bill No. 307. Section 144, C. C. P.

The amendment consists in the insertion of the word "county" in place of "city and county," where those last words occur in the section, and in omitting the words "city and county" when they occur earlier in the section, they being unnecessary in view of the amendment to Section 17 adopted in 1903 (Stats. 1903, 134).

Senate Bill No. 308. Sections 156 and 157, C. C. P.

The recommendation is that these sections be repealed. They undertake to declare who shall be eligible to the office of Judge of the Superior Court and of Justice of the Supreme Court. Probably no tests of eligibility can be imposed in addition to those required by the Constitution (*Page vs. Hardin*, 8 B. Mon. 661; note to *Blair vs. Ridgely*, 97 Am. Dec. 264; *Thomas vs. Owen*, 4 Md. 223), but if it be possible to impose any such additional requirements, they should be provided for in the Political Code.

Senate Bill No. 312. Section 352, C. C. P.

Subdivision 4, creating a disability in favor of married woman, whose husband must join her in commencing an action, is omitted, because she may, in all cases, sue alone.

Section 355, C. C. P.

The last sentence, being from lines 7 to 13 inclusive, on page 2 of the printed bills, is added to abrogate the rule of construction of this action, declared in *Carpenter vs. Natoma W. & M. Co.*, 63 Cal. 616, that a title by prescription may be perfected during the pendency of an action, though judgment in both the lower and appellate courts was given in favor of the plaintiff.

Senate Bill No. 314. Section 392, C. C. P.

The provision at the end of the section, that if in an action to recover real property, an injunction is at any time applied for, the proper county for the trial is that in which the defendant resides, is omitted. The present provision is inconsistent with Section 5 of Article VI of the Constitution, requiring actions of this character to be brought in the county in which the property, or some part thereof, is situated.

Section 394, C. C. P.

The word "citizens" is stricken out, and the word "residence" is inserted, in line 7 of the section, on page 2 of the printed bill, that having been the legislative intent in the original enactment of the section.

Section 395, C. C. P.

The last sentence, being lines 13 to 17 inclusive, of this section, on page 2 of the printed bill, have been added, and the amendment thereby made is intended to reach cases where a person has been made a defendant solely for the purpose of having an action tried in the county wherein he resides, thus taking away from the defendant properly joined and from the real defendants the rights of change of venue intended to be vouchsafed to them in other sections of the Code.

Section 396, C. C. P.

The words "appears and" are omitted before the word "answers," as superfluous.

Section 397, C. C. P.

Subdivision 4 is so amended that there need not be any change from the place of trial, if there is any judge within the county not disqualified from acting. This was certainly the real legislative intent.

Senate Bill No. 315. Sections 417 and 418, C. C. P.

These sections are added in order to codify the statute of 1871-2, page 533, entitled "An Act concerning libel and slander," as amended in 1880, page 81.

Senate Bill No. 320. Section 566, C. C. P.

The words "of a party" are added in line 3 of the section, and the word "much" is substituted for the word "may" in line 8 of the section, page 1 of the printed bill, such changes having been made to conform to the section to the intent of the Legislature in the passage of the original section.

Section 567, C. C. P.

The word "one" is changed to "two," on line a of page 2 of the printed bill, thus requiring two sureties, and making it uniform with other provisions of this Code respecting sureties, and the undertaking with respect to form is left subject to the control of Section 982 of the Political Code.

Senate Bill No. 320. Section 681, C. C. P.

The amendment consists in adding all after the word "enforcement," in line 5 of the printed bill. The justice of the amendment is self evident.

Section 687, C. C. P.

The amendment consists in the addition of the sentence included in lines 7 to 14 of Section 1 on page 2 of the printed bill. It is directed to those cases in which a judgment is entered in one county affecting property then situated in, or which may subsequently become a part of, another county. The section as amended supersedes the provisions of the statute of 1873-4, page 365, respecting execution of final process.

Section 688, C. C. P.

The amendment consists in substituting the words "levied upon or released" for the word "attached," thus providing a mode of releasing a levy of execution. It adopts the method proposed for the release of attachments by Section 560.

Section 689, C. C. P.

The amendment strikes out the words "setting out his title thereto," which subserve no useful purpose, and also inserts the amount of the undertaking near the end of the section "in a sum equal to double the value of the property levied on," which is the usual custom of sheriffs any way, and recasts the last sentence so as to make it more intelligible substituting for this part of the present section the words in lines 11 to 13 on page 3 of the printed bill.

Senate Bill No. 359. Section 1475 Pen. C.

The first sentence to the section is recast so as to make it conform to the Constitution. Moreover the amendment to this section at the last session has not been found sufficient in practice to prevent the farce of a defendant going before each one of the judges of the various departments of a superior court in succession. The present amendment, while it takes away none of the defendant's rights with reference to obtaining the writ, compels him, after each denial, to go before a court one step higher in jurisdiction.

Senate Bill No. 380. Section 1365, C. C. P.

The amendment merely adds the last section in order to make the section conform to the amendment to Subdivision 8 of Section 1386 of the Civil Code, adopted at the last session.

Senate Bill No. 415. Section 10, C. C. P.

Merely adds the Saturday half-holiday sentence in order to make this section of the Code of Civil Procedure correspond to the amendment adopted to Section 10 of the Political Code at the last session of the Legislature.

Senate Bill No. 416. Section 288 to 295, inclusive, Pol. C.

These sections are repealed because they are inconsistent with Section 4, Article V of the Constitution. By that section the returns of election must be sealed up and transmitted to the Speaker of the Assembly, who must, during the first week of the session, open and publish them in the presence of both houses, and the person then found to have the highest number of votes is Governor. If there is any mode of contesting the election it must be by proceedings in the nature of *quo warranto*. See *State vs. Sadler*, 25 Nev. 137.

Senate Bill No. 417. Section 4452, Pol. C.

The words "county and" have been added to the above section, as it is evident from the caption of the title, and from Section 4455, that the Legislature intended such liability to extend also to the county.

Senate Bill No. 418. Section 1973, C. C. P.

The amendment consists in adding Subdivisions 6 and 7 thereto, and correcting the language thereof so as to make it conform absolutely to what is in the statute on frauds, as set forth in Section 1624 of the Civil Code.

Senate Bill No. 423. Section 3975a, Pol. C.

This is a codification of the Act of March 23, 1893 (Statutes 1893, page 235).

Senate Bill No. 433. Section 3902, Pol. C.

The amendment is a codification of Section 1 of the County Government Act of 1897 (Statutes 1897, page 452), and Section 1 of Article XI of the Constitution. It is here put in its proper place and is therefore omitted from the codification of the County Government Act. (Senate Bill No. 586.)

Senate Bill No. 485. Section 3366, Pol. C.

As this section repealed by implication Subdivision 25 of Section 25 of the County Government Act (*Ex parte Pfirrmann*, 134 Cal. 143), it is substituted for said Subdivision 25 of Section 25 in the codification of the County Government Act (Senate Bill No. 586), in its proper place, as Subdivision 22 of Section 4041 of this Code and is therefore repealed, as there is no necessity of having two sections in identical words upon the same subject.

Senate Bill No. 486. Section 7, C. C.

Merely adds the Saturday half-holiday to the section so as to make it conform to Section 10 of the Political Code adopted at the last session of the Legislature.

Senate Bill No. 419. Section 172, Pen. C.

The amendment consists in reducing the limit with reference to the State prison to half a mile and with reference to the reformatory to 1900 feet, and inserting the words "at Berkeley" after the words "University of California," so that there can be no question of construction as to what grounds of the University are referred to.

Senate Bill No. 424. Section 1822c to 1822f, C. C. P.

This is a codification of the Act of March 25, 1893 (Statutes 1893, page 536). It is inserted here rather than in the Political Code, because it appertains wholly to procedure necessary to accomplish the objects sought.

Senate Bill No. 434. Section 3975b, Pol. C.

This is a codification of present Section 11 of the County Government Act of 1897 (Statutes 1897, page 452), and is enacted here and omitted in the codification of the County Government Act (Senate Bill No. 586), where it does not belong. The provision concerning the removal is omitted, as it is contained in Section 3981 of the present bill.

Section 3976, Pol. C.

This is a codification of Section 12 of the County Government Act of 1897 (Statutes 1897, page 452), substituted for present Sections 3976 and 3977 of the Political Code which were superseded by said Act. The part of said Section 11 concerning election is omitted, as it is already covered by Section 3979.

Section 3977, Pol. C.

Repealed because included in Section 3976 as amended.

Section 3981, Pol. C.

This section has been amended to make it conform to Section 2 of Article XI of the Constitution, and it contains a codification of a portion of Section 11 of the County Government Act of 1897 not already contained in Section 1375a.

Section 3985, Pol. C.

All after the word "election," where it appears the second time, is omitted because it is superfluous, being already set forth in other sections of the chapter.

Senate Bill No. 357. Section 1239, Pen. C.

As the time for appeals from final judgments has been uniformly reduced in all matters of civil procedure, it is here reduced in the Penal Code to ninety days. This refers merely to an appeal from the judgment.

Senate Bill No. 324. Section 625, C. C. P.

Simply amends the section to place it back where it was before the last amendment thereto, so as to avoid compelling the court to submit to the jury superfluous and confusing questions for special verdicts.

Respectfully submitted.

WILLIS.

Chairman Judiciary Sub-Committee on Code Revision Bills.

COMMUNICATION—(OUT OF ORDER).

The President pro tem. presented the following communication, which was ordered printed in the Journal:

HEADQUARTERS OF THE ASSOCIATED VETERANS OF THE MEXICAN WAR,
OAKLAND, February 8, 1907.

To the Honorable President and Senate of the Legislature of the State of California:

GENTLEMEN: You are respectfully requested to select a committee from among you those who will be hold-over Senators next year, to represent your honorable body in the celebration of the Centennial Anniversary of the birthday of the "Father of the State of California," the late General Mariano Guadalupe Vallejo, which will occur on July 7, 1908, who was a member of the first Constitutional Convention, held at Monterey, in September, 1849, and a Senator from the Sonoma District of the first State Senate in 1849 and 1850, and who was chairman of the Committee on Counties and County Boundaries, and who gave the names to all the original twenty-seven counties of the State and prescribed their boundaries, as you will see by the Senate Journal of that first session.

He was the founder of Sonoma, Vallejo, and Benicia, and rendered every facility to Commodore Sloat in the selection and acquirement of Mare Island for a U. S. Navy Yard in 1852, to the personal knowledge of several of this committee.

On July 7, 1846, at the celebration of the fortieth anniversary of the raising of the American flag at Monterey, he cheerfully lent his assistance to the festivities of that occasion, by raising the Spanish flag, under which he was born on July 7, 1808, and the Mexican flag, under which he held his commissions from Ensign to Brigadier-General, while a United States naval officer raised the American flag over the old custom house at Monterey, the ancient capital of California, where General Vallejo was born, thirty-eight years before the raising of the American flag and taking possession of California by Commodore Sloat.

He was loyal to Mexico, his native country, to the last hour, and loyal to his parole. Magnanimous to the highest degree, and hospitable to the American emigrants and all others to the extreme, who were the recipients of his bounty; and when California was ceded to the United States by Mexico in 1848, he devoted all his energy and resources to the development and progress of the State to the uttermost limit.

The Veterans of the Mexican War and Pioneers feel a pride in the effort to pay a just tribute to the memory of such a noble citizen, a true soldier, an able statesman, and devoted patriot, whose whole life was given for the betterment of his native California, and whose blood now flows in the veins of his children with that of the Anglo-Saxon, Teuton, Celtic, and the Hungarian, but all California-born American citizens.

We, therefore, most respectfully request of you to select a delegation at this session to represent your honorable body on that occasion, and to provide by resolution, to make July 7, 1908, a holiday throughout the State of California for the object mentioned.

Very respectfully yours,

EDWIN A. SHERMAN,

President of the Associated Veterans of the Mexican War.

JOHN L. BROMLEY,

V. M. W., President of the Sloat Monument Association.

WILLIAM M. BOGGS,

V. M. W., Vice President of the Sloat Monument Association.

WILLIAM H. HILTON,

V. M. W., and Member of the Sloat Monument Association.

HENRY F. WILLIAMS,

Member of the Sloat Monument Association.

Provisional Committee and all California Pioneers.

(The last four names are signed by their order, and all are Pioneers.)

All the officers of the institution appear to be competent and earnest and the affairs of the institution are safely and carefully administered and guarded. The roofs of the older main buildings are in very bad condition and must be at once repaired to protect the buildings, and we recommend strongly the appropriation asked for that purpose.

The grounds are in places badly cut by storm or flood waters and it is absolutely necessary to at once provide for protection of the lands of the hospital by the construction of storm ditches to carry off such flood waters, and we urge the necessity of the appropriation for that purpose.

We also believe that the welfare of the patients require the construction of the receiving cottages and hydrotherapeutic building, for which an appropriation is asked, so that the superintendent may properly diagnose the cases of new patients and determine his course of treatment.

If the cottages are built it will necessitate the construction of a new horse barn and implement shed, as the former are to be constructed on the present site of the old barn, which is somewhat dilapidated. Besides there is no place to put farm implements and vehicles under cover, and they should have a place of shelter.

As to the dairy barn appropriation requested, we think that while it would be a great advantage to the institution and should be constructed as soon as the finances of the State will permit, we at this time believe the same not absolutely essential, but recommend that it be constructed if the Finance Committee can recommend the appropriation of the money required.

At San Diego your committee examined the condition of the State Normal School and investigated the necessity of passing the \$20,000 appropriation asked for to determine the conflicting claims to tide lands along the water front of San Diego Bay.

The San Diego Normal School asks for three appropriations, as follows: Seventy thousand dollars for a training school, five thousand for sidewalk and improvement of grounds, and five thousand for repairs and additional equipment. A new training school is greatly needed. At present class-rooms in the normal building, divided by board partitions, make eight school rooms for the training department. In order to comply with the provisions of the Political Code, and give to each student in the senior year the practical work in teaching required, two teachers must instruct a training class at the same time. This is a most unsatisfactory makeshift, but is the best that can be done with present facilities. The committee reports that in so far as it has been able to observe better and more adequate buildings are provided for the insane than for the education of teachers who are to be the instructors of the youth of the land. The State should not be less devoted to the interests of the unfortunates of unsound mind, but more regardful of the interests of those who are fitting themselves to the education, culture, and refinement of the young men and women of the State. While the San Diego Normal is greatly in need of the \$70,000 appropriation for a training school, we believe that in the event the demand upon State funds by reason of the absolute necessity of restoring those State institutions which were destroyed by the great calamity of April 18, 1906, is so great as to make the whole appropriation impossible, not less than \$40,000 would enable the San Diego State Normal to complete a portion of this much-needed training school. The other appropriations of \$5,000 each can not well be reduced.

The appropriation of \$20,000 for the settlement of disputed titles of tide lands is urgent. There are several hundred acres lying along the water front and bordering on deep water now largely occupied by squatters which in fact belong to the State. These lands are rapidly growing in value. The Harbor Commissioners have during the past year done all they could to secure possession of these lands, and are now collecting about \$300 per month in rentals from occupants who have acquiesced to the right of the State to these lands. There is now due to the State on account of uncollected rents about \$6,000, which can not be collected until the question of titles is determined by the courts. Should suits be brought, and the squatters ejected, the revenue to the State would be increased many thousand dollars per year. It is imperative that these suits, and the necessary surveys to determine the former ordinary high tide line of San Diego Bay be provided for at this session of the Legislature. The tide line has shifted in places from a few feet to about 20 yards within the past fifty years, and there are but few living witnesses, and they are advanced in years, who can testify to the location of the former tide lines. The State by making this appropriation can recover lands worth many hundred thousand dollars, and within a very few years will be worth many times its present value. A new transcontinental railroad is now being built from San Diego eastward, and a new steamship line from New York with San Diego as its first American

port has recently been established. These new enterprises mean much for the future development of the southern part of the State, and are causing the tide lands on San Diego Bay to increase rapidly in value. Your committee, therefore, report that this appropriation is one of great importance to the State.

We also examined into the proposition of selling the normal school site in Los Angeles, and after visiting the present site and buildings, became convinced that a much better site could be obtained, and much more favorable conditions created by removal from the present location. The present site is near the heart of the city and stands on a hill without any way of reaching the buildings except by walking or driving, and we are advised and believe that such conditions are not conducive to the preservation of the health of young, growing girls. We also made many inquiries of citizens of Los Angeles, who are disinterested, concerning values, and find that the minimum sale price fixed by the bill now in the Senate is considerably above actual value. We are all of the opinion that the site should be sold if that can be accomplished under the terms of Senate Bill No. 16. We would also recommend that the pending bill be so amended that out of the purchase price, not to exceed \$50,000, may be invested in a new site to be selected by the trustees, and that the trustees in the purchase of a new site, and the building and equipping of a new normal school, shall not expend an amount exceeding the sum received for the present site.

Your committee also visited the State Asylum at Agnews. As is pretty generally known to the members of the Senate, the buildings at this institution were entirely demolished by the earthquake of April last, and a deplorable loss of life ensued. The management at the asylum is to be commended for the able manner in which, under trying conditions, they have managed the affairs of the institution and brought order out of chaos. The committee are of the opinion that the appropriation asked for will be required to rebuild the necessary buildings, but would recommend that the amount be so divided that it may be made available from more than one tax levy, thus extending the amount appropriated over several years.

The committee also visited the San José State Normal School, and found the building in an absolutely useless condition, and practically destroyed, so far as its use or safety is concerned. The building is unoccupied and fenced with a safety fence to keep out the general public and the students of the school. The school is now being held in rough board barracks or temporary buildings on the grounds, which are unsanitary and inadequate for use. The committee believe the appropriation necessary, but would suggest that the amount be portioned out similar to that proposed for Agnews.

The visit of your committee to the San Luis Obispo Polytechnic School found there a very earnest and enthusiastic corps of officers, who have the sincere welfare of the school at heart. As to the appropriations asked for, the committee ascertained that one of the dormitories could be got along without for the present, and suggest the appropriation be reduced from \$50,000 to \$25,000. Also, that the \$25,000 appropriation asked for shops and equipment be reduced to \$20,000.

Respectfully submitted.

PRICE, Chairman Special Sub-Committee.

QUESTION OF PERSONAL PRIVILEGE.

BILL RECALLED FROM ENGROSSMENT FOR PURPOSE OF AMENDMENT.

Senator Belshaw asked for and was granted unanimous consent to have Senate Bill No. 113 recalled from engrossment and taken up for the purpose of amendment.

Senate Bill No. 113—An Act to amend Sections 628, 628a, 628b, 632, and 634 of the Penal Code of the State of California, and to add to said Penal Code a new section, to be numbered 632b, all relating to the protection and preservation of fish.

Having been recalled from engrossment, the following amendment was offered by Senator Belshaw:

Amend by striking out of Section 2, line 4, page 3 of the printed bill, the words "or has in his possession for sale," and insert in lieu thereof the following: "or takes, catches, kills, or has in his possession."

PETITION.

The following petition was presented by Senator Wright, and ordered printed in the Journal:

To His Excellency, James N. Gillett, Governor of California, and to the Senate, and to the Assembly, of the State of California.

We, the undersigned citizens of California, send greeting:

And we hereby earnestly petition your favorable action in passing at the present session of the Legislature remedial legislation on the subject of divorce substantially as set forth in Senate Bills Nos. 402, 403, 404, 405, and 406; providing, (1) for divorce from bed and board, and personal service on defendant whether within or without the State, and for restriction of migratory divorces; (2) for requiring the district attorney to appear in all divorce proceedings in his county in behalf of the State to prevent collusion or fraud, or a one-sided presentation of default cases; (3) for making it a misdemeanor crime to be guilty of any of the acts or omissions that constitute a ground for divorce, or to be guilty of collusion or fraud in divorce proceedings; (4) providing for service of summons and all other papers in divorce cases on the district attorney, and giving the co-respondent in adultery cases notice and right to intervene.

And in support of our petition we recite the significant facts: (1) That the number of divorces has increased to an alarming extent, illustrated by the fact that in Los Angeles County in 1905 one divorce case was filed to every four marriage licenses issued; (2) Judges estimate that in ninety per cent (90%) of divorce cases there is no appearance by defendant; (3) More than one half the divorces granted in California are for trivial causes, such as desertion and failure to provide; (4) The best thought and civic conscience of our entire nation is now being aroused to a recognition of the alarming growth of the divorce evil, a fact recognized by the President of the United States in his last annual message to Congress.

We plead (1) for a more practical and more just system of sifting out the right and wrong in divorce cases; (2) for the right to demand legal separation only, where the injured one in marital troubles has conscientious scruples against absolute divorce; (3) for the appropriate punishment of those who wilfully violate the solemn obligations

of the sacred marriage vow; (4) for the more adequate protection of the sacred marriage relation; and (5) for the stability and permanence of the home, because the home is the rock upon which both the state and the nation are founded, and if the home decays, both state and nation must crumble and fall

MOTION.

On motion of Senator Willis, the following report was ordered printed in the Journal:

SUPPLEMENTAL REPORT ON THIRD-READING FILE CODE REVISION BILLS.

SACRAMENTO, February 14, 1907.

To the Senate Judiciary Committee.

GENTLEMEN: The explanation of the amendments in all Code revision bills, except the following, are contained in the Senate Journal of the 11th instant. The reasons for the five remaining bills on said file, are as follows:

Senate Bill No. 642. Section 384c, Pen. C.

The word "or" is substituted for the word "and," after the word "willfully," to correct an error.

Senate Bill No. 421. Section 1118, C. C. P.

The words "a special session" are eliminated, there being, under the new Constitution, no "special sessions" of the Superior Court.

Senate Bill No. 622. Section 273, Pen. C.

There are at present two sections on different subjects numbered 273 in the Penal Code. The bill repeals the Section 273 approved March 7, 1905, and reenacts it as Section 273f.

Senate Bill No. 641. Section 52, Pol. C.

Omits present subdivision six, declaring that the residence of an unmarried minor who has a parent cannot be changed either by him or his guardian. The present provision appears to be inconsistent with Section 1753 of the Code of Civil Procedure.

Senate Bill No. 586. Sections 4000-4326, incl., Pol. C.

This is a codification of the County Government Act of 1897, amended to date, and of the Fee Bill of 1895. A detailed explanation of the various sections is set forth in the Senate Journal of February 4, 1907.

Respectfully submitted.

Relative to modification of rules regarding issuance of patents to mining claims.

WHEREAS, The honorable Secretary of the Interior has recently promulgated rules respecting the issuance of United States patents, and which rules, among other things, provide as follows:

"That hereafter no final certificate, patent, or other evidence of title shall be issued under the public land laws until an actual examination has been made upon the ground for or by an authorized officer of the Government; but the following shall be excepted from the force of this order: All claims which have heretofore been examined upon the ground by an authorized officer of the Government whose report is found satisfactory."

AND WHEREAS, The operation of said rule deprives the applicant for a patent upon a mining claim of having the proper officers of the land department receive the purchase price for the land, upon the completion of the publication of notice of the application for patent; and

WHEREAS, It is by the law now expressly provided, that after the applicant for a patent for a mine has paid for the land, the Government may subsequently refuse to issue patent therefor, for any reason satisfactory to the Government, and direct the return of the purchase price of said land to the applicant; and

WHEREAS, It is the opinion of the Legislature of the State of California that said provision of the law amply protects the Government of the United States from any fraud or imposition being practiced upon it in the issuance of patents for mining claims; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That our Senators and Representatives in Congress are hereby respectfully requested to use all honorable means to secure a modification of said rules, to the end that upon completion of the publication of notice of the application for patent upon mining claims, the receiver of the land office of the United States, in the district wherein such mining claim is situated, be directed to receive the money as the purchase price of said land and to issue the proper receipt therefor; and

RESOLUTION.

The following resolution was offered:

By Senator Caminetti:

WHEREAS, Sections 9, 10, 11, 14, 15, 17, 18, 19, 20, and 21, of Article XII of the Constitution of the State of California, relate to and affect railroad corporations doing business in this State; and

WHEREAS, Some of said sections prescribe conditions and impose restrictions on said corporations for the protection of the people of this State; and

WHEREAS, Some of said sections plainly provide what are the duties of, and what is the authority conferred on, the Railroad Commission of this State; and

WHEREAS, The erroneous idea seems to prevail in some quarters that such commission can act only on the complaint of some individual; and

WHEREAS, From an examination of said above recited sections it is evident that ample and full authority to act upon and remedy many of the abuses which have caused and are now causing injury to the producers, shippers, and consumers of California has been conferred on said commission; and

WHEREAS, It has been absolutely established by evidence taken recently in various places in California by a section of the Interstate Commerce Commission, presided over by the Honorable Franklin K. Lane, and by testimony secured for the National Government by the Honorable James R. Garfield, Commissioner of Corporations of the United States, that railroad corporations have been guilty of abuses, many violations of law, and discriminations, not only as to places and certain industrial activities, but also as to persons, all of which are subject to State regulation; and

WHEREAS, Among the many references in Mr. Garfield's report touching on the subject of railroad discriminations in California, all of which are set forth in the last message of Governor George C. Pardee, the following is found: "The investigations developed the existence of more than eighty different deviations from published tariff rates in oil in California"; and

WHEREAS, Such abuses, violations, and discriminations have gone on unredressed and without receiving any attention and consideration from said Railroad Commission; and

WHEREAS, Experience in other States having the commission system has proven that by the reasonable and just execution of constitutional and statute provisions on the subject of railroad regulation, great good has resulted to the people; and

WHEREAS, By reason of the power at present conferred by the National Government on the Interstate Commerce Commission, and the activity displayed by the members of said Commission in investigating and remedying abuses in interstate railroad traffic, it is not only important, but absolutely essential for this State, in the interest of the producer, shipper, and consumer, to supplement this work within the jurisdiction of this State by an energetic administration of our laws on the subject; and

WHEREAS, By Section 24 of said Article XII it is made the duty of the Legislature to "pass all laws necessary for the enforcement of the provisions," of said article; and

WHEREAS, As suggested by said message of Governor George C. Pardee, there is a "most remarkable absence of statute law," not only as bearing upon Section 21 of said article, but also upon other important and vital provisions of the same; and

WHEREAS, A continuance of the "do nothing" policy of the Railroad Commission would substitute for the adage that "public office is a public trust," that dangerous motto "some public offices are a railroad trust"; therefore, be it

Resolved, That in the opinion of the Senate many of the abuses practiced against the interests of the producers, shippers, and consumers, including discriminations between persons, industries, and places, should have received due consideration by the Railroad Commission in the past, and the Senate expresses the hope that these matters will receive the earnest attention of the present Railroad Commission; and, be it further

Resolved, That the Committee on Judiciary is hereby requested to prepare a report to the Senate, at its earliest convenience, of all necessary legislation in the nature of proposed amendments to the Constitution, and also "all laws necessary for the enforcement of the provisions" of said Article XII.

SPECIAL ORDER SET.

Senator Wolfe moved that the above resolution be printed in the Journal and the consideration of same be made a special order for Tuesday, February 19, 1907, at eleven o'clock A. M.

Motion carried.

by "An Act to provide for the establishment and quieting of titles to real estate in case of the loss or destruction of public records," approved June 16, 1906.

During second reading of bills the following substitute was submitted by committee:

COMMITTEE SUBSTITUTE FOR SENATE BILLS NOS. 436 AND 437.

An Act to amend an Act entitled "An Act for the certification of land titles and the simplification of the transfer of real estate," approved March 17, 1897, by amending section six of said Act, and by adding a new section thereto, to be known as section six *a*, the latter relating to the consolidation in one action of proceedings under said Act of March 17, 1897, and proceedings authorized by "An Act to provide for the establishment and quieting of titles to real estate in case of the loss or destruction of public records," approved June 16, 1906.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section six of an Act entitled "An Act for the certification of land titles and the simplification of the transfer of real estate," approved March 17, 1897, is hereby amended so as to read as follows:

Section 6. The petition shall set forth substantially:

(a) The name, occupation, place of residence, and postoffice address of the applicant, and if the application is by one acting in behalf of another, the name, place of residence, post office address, and capacity of the person so acting, and the nature of the disability of the person for whom he is acting.

(b) Whether the applicant (except in case of a corporation) is married or not, and, if married, the name and residence of the husband or wife.

(c) The description of the land.

(d) The applicant's estate or interest in the same, and whether the same is subject to an estate of homestead.

(e) Whether the land is occupied or unoccupied, and if occupied, the name and postoffice address of each occupant, and what estate or interest he has or claims in the land.

(f) Whether the land is subject to any easement, lien, or incumbrance, and, if any, the name and postoffice address, if known, of each holder thereof, and the nature and amount of the same, and, if recorded, the book and page of the record.

(g) Whether any other person has any estate or claims any interest in the land, in law or equity, in possession, remainder, reversion, or expectancy, and, if any, the name and the postoffice address, if known, of every such person, and the nature of his estate or claim.

(h) The name and postoffice addresses of all the owners of the adjoining lands, so far as he is able, upon diligent inquiry, to ascertain the same.

(i) If the applicant is a male, that he is of the full age of twenty-one years; if a female, that she is of the full age of eighteen years. If the application is made by a corporation, its name, when and where incorporated, its principal place of business, and the names and postoffice addresses of its president and secretary. If the application is by a husband or wife, and the property is community property, the petition must so state, and both spouses must join therein.

If said land is part of a city, town, or subdivision, of which an official map is on file in the office of the county recorder, county surveyor or city engineer, and upon such map said land appears in such manner that it can be identified thereon by reference, the same shall be, in said application, designated by reference to such map. In all cases where said land can not be identified upon such map by reference, or where no such map is on file in any of such offices, a plat or plan of survey of the land made by the county or a licensed surveyor, must accompany the application.

If it appears by the verified petition that the applicant by himself or by himself and his predecessors in interest has been and is in the actual, exclusive and adverse possession of the land continuously for at least twenty years next preceding the filing of the petition, claiming to own the same in fee against the whole world and that he has or that he and his predecessors in interest have paid all taxes of every kind legally levied or assessed against the property during the period of five years continuously next preceding the filing of the petition, the applicant must also state the particulars regarding such possession at the commencement of said period of twenty years, and must make proof of all such facts to the satisfaction of the court on the hearing and must also prove that said land has not been theretofore brought under the operation of this Act.

In all cases in which actual, exclusive and adverse possession and payment of taxes is not alleged as in this subdivision provided, each application must be accompanied by an abstract of the title, verified by the searcher making the same, as required in proceedings in partition, or, if made by a corporation engaged in the business of making and certifying abstracts of title, then in lieu of the affidavit a certificate of such corporation, under its seal, shall be sufficient. Where actual, exclusive and adverse possession is alleged but not proved to the satisfaction of the court on the hearing, the court may require an abstract of the title as herein provided to be furnished, which shall then

be used in the same manner as if such abstract had been filed with the application. When the title to the land in question has been previously determined by a final decree of a court of competent jurisdiction, such abstracts need not antedate such decree unless required by the court in which such application is filed.

No person or corporation shall be authorized to make or furnish such abstracts of title until after entering into an undertaking with two or more sufficient sureties to the people of the State of California in a sum not less than \$10,000, which sum may be increased from time to time by order of the court, whenever it shall appear to such court that, by reason of the number of abstracts of title which any one person or corporation is making or furnishing under one bond, the State is not sufficiently secured thereby.

Such bond shall be recorded in the record of official bonds in the recorder's office of the county, and a duplicate filed in the county clerk's office. Said bond shall be conditioned to pay all damages and costs which the State may sustain by reason of any error or insufficiency in said abstract. The sureties on such bond shall qualify as provided in section ten hundred and fifty-seven of the Code of Civil Procedure, and the sufficiency of the bond and of the sureties thereon shall be approved by a judge of the superior court of the county where such bond is to be filed. The sureties upon such bond may become severally liable in portions of not less than five hundred dollars each, making in the aggregate at least two sureties for the whole sum.

SEC. 2. A new section, to be known as section six *a*, is hereby added to an Act entitled "An Act for the certification of land titles and the simplification of the transfer of real estate," approved March 17, 1897, to read as follows:

Section *6a*. Whenever a person entitled to take advantage of the provisions of this Act shall bring the action authorized by "An Act to provide for the establishment and quieting of title to real estate in case of the loss or destruction of public records," approved June 16, 1906, and the complaint in said action shall also set forth the facts required by subdivisions "a" to "g" inclusive of Section 6 of this Act and shall therein pray that the land in question be brought under the operation of this Act, the court in which such action is required to be commenced shall have jurisdiction to entertain the same and to grant the remedies provided by both this Act and said Act of June 16, 1906, in one and the same proceeding, and the plaintiff in said action shall be entitled to the joint remedy provided by both said Acts; whatever procedure is required by the provisions of both said Acts shall be followed in such action except that the summons, the provisions relating to service thereof and the time for appearance after service required by said Act of June 16, 1906, shall supplant the notice, the provisions relating to service thereof and the time for appearance after service provided by Section 13 of this Act, and except, further, that the provisions of subdivisions "h" and "i" of Section 6 of this Act shall not apply to actions brought by virtue hereof; said action shall be one in rem against all the world and the decree granting the joint remedies under both said Acts shall be in the nature of a decree in rem; this Act authorizing proceedings under both said Acts shall not be construed as in any manner affecting proceedings brought under either one of said Acts independently of each other.

SEC. 3. This Act shall be in force immediately.

An Act for the regulation of the practice of medicine and surgery, osteopathy, and other systems or modes of treating the sick or afflicted, in the State of California, and for the appointment of a Board of Medical Examiners in the matter of said regulation.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. *Appointment of board, quorum.* The Governor shall appoint a board of medical examiners, to be known as the Board of Medical Examiners of the State of California, consisting of eleven members. Such appointments shall be made from separate lists presented to him every second year: five members from a list of ten names presented by the Medical Society of the State of California, two members from a list of four names presented by the California State Homoeopathic Medical Society, two members from a list of four names presented by the Eclectic Medical Society of the State of California, and two members from a list of four names presented by the Osteopathic Association of the State of California. Vacancies occurring in the representation of said societies, respectively, shall be filled by appointment from said lists. The appointment of each member shall be for a term of two years, and until his successor is appointed and qualified; *provided, however,* that no professor, instructor, or other person in any manner connected with, or financially interested in any college or school of medicine or surgery or osteopathy shall be appointed a member of said board. It shall require the affirmative vote of seven members of said board to carry any motion or resolution to adopt any rule to pass any measure or to authorize the issuance of any certificate as in this Act provided.

SEC. 2. *Oath.* Each member of said board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery or osteopathy, and a licensed practitioner of medicine and surgery, or of osteopathy, of this State.

SEC. 3. *Organization. Report to Governor.* Said board shall organize on or before the first Tuesday of August by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of said board. Said board shall hold its regular meetings in the City and County of San Francisco on the first Tuesday of April, August, and December of each year, with power of adjournment from time to time until its business is concluded; *provided, however,* that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the State designated by the board. Notice of each regular meeting of the board shall be given by publication twice a week for each of the two weeks next preceding each meeting, in two daily papers published in the City of San Francisco, in one daily paper published in the City of Sacramento, and one daily paper published in the City of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. Special meetings of the board may be held at such time and place as the board may designate, and the same notice thereof shall be given as in case of regular meetings. Said board shall receive through its secretary applications for the certificates provided to be issued by this Act, and shall on or before the first day of January of each year transmit to the Governor a full report of all its proceedings, together with a report of its receipts and disbursements.

SEC. 4. *Location and residence of the board.* The office of said board shall be in the City and County of San Francisco, and in all legal proceedings against the board the said city and county shall be deemed to be the residence of the members thereof.

SEC. 5. *Rules.* Said board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this Act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have authority to take evidence in any manner cognizable by it.

SEC. 6. *Certificate and requirements therefor.* Three forms of certificate shall be issued by said board under the seal thereof and signed by the president and the secretary: first, a certificate authorizing the holder thereof to practice medicine and surgery; second, a certificate authorizing the holder thereof to practice osteopathy; third, a certificate authorizing the holder thereof to practice any other system or mode of treating the sick or afflicted not referred to in this section.

In order to procure a certificate to practice medicine and surgery, the applicant for such certificate must file with said board at least two weeks prior to a regular meeting thereof, satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma, and he must also file with said diploma an application sworn to before some person authorized to administer oaths, and attested by the hand and seal of such officer, if he have a seal, stating that he is the person named in said diploma, that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning the medical instruction and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the above requirements must be rejected. Applicants for a certificate to practice osteopathy shall be subject to the above regulations, except that in place of the diploma hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of osteopathy, having a course of instruction of at least twenty months, requiring actual attendance, and after 1908, of three years of nine months each, and including the studies examined upon under this Act. Applicants for a certificate to practice any other system or mode of treatment not in this Act referred to, shall be subject to above regulations, except that in place of the diplomas hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of the system or mode of treatment which the applicant claims he intends to follow.

In addition to the requirements above set forth, all applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice his profession, and shall be, in whole or in part, in writing, on the following fundamental subjects, to wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry and toxicology, physiology, obstetrics, general diagnosis, hygiene. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. But all applicants must obtain not less than a general average of seventy-five per cent, and not less than sixty per cent in any one subject; *provided,* that the applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent upon the general average, and five per cent additional for each subsequent ten years of such practice.

The examination papers shall form a part of the records of the board and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the

name attached to the number shall be kept secret until after the board has finally voted upon the applicant. The secretary of the board shall in no instance participate as an examiner in any examination held by the board.

SEC. 7. Each applicant on making application shall pay to the secretary of the board a fee of twenty-five (25) dollars, which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient, or in case he does not desire to take the examination, the sum of ten (10) dollars shall be retained, the remainder of the fee being returnable on application.

SEC. 8. *Record of proceedings.* Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this Act, with the result of each application. Said record shall be evidence of all the proceedings of said board which are set out therein.

SEC. 9. *Registration.* Every person holding a certificate authorizing him to practice medicine and surgery, or osteopathy, or any other system or mode of treating the sick, or afflicted, in this State, must have it recorded in the office of the county clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county clerk recording the same. Every such person, on each change of his residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate who shall practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, or to attempt to practice medicine or surgery or osteopathy or any other system or mode of treating the sick or afflicted, in this State, without first having filed his certificate with the county clerk as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars or by imprisonment in the county jail for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

SEC. 10. *County clerk to keep record.* The county clerk shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of the record and said book shall be open to public inspection during his office hours.

SEC. 11. *Refusal to grant certificates; revocation of certificates; unprofessional conduct.* Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this State then in force as to the service of citations and subpoenas generally, and all provisions of the statutes of this State then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuse to obey a subpoena served upon him in accordance with the statutes of this State then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter in accordance with the statutes of this State then in force as to contempt for disobedience of process of the court; and should said court find that the subpoena has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this Act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this State then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this Act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation, or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter; to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this Act, and the said

unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of revocation shall enter on his register the fact of such revocation and shall certify the fact of such revocation under the seal of the board, to the county clerk of the counties in which the certificate of the person whose certificate has been revoked, is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the — day of —," giving the day, month and year of such revocation in accordance with said certification to him by said secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted, in this State.

CALIFORNIA ASSOCIATION OF WASHINGTON,
SEATTLE, February 15, 1907.

To the Honorable the Senate, State of California, Sacramento, Cal.

GENTLEMEN: The California Association of Washington, representing three thousand loyal Californians now residing in the State of Washington, has recently been formed. It has for its object the fostering of a true California spirit and promotion of trade relations between California and the Pacific Northwest.

The Association desires to call the attention of the members of the Honorable, the Senate of California, to the following important facts:

The Alaska-Yukon-Pacific Exposition, to be held in Seattle in 1909, will afford an invaluable opportunity to the countries bordering on the Pacific to exploit their resources to a vast number of people.

California, the largest and richest of the Pacific Coast States, must be represented at this a Pacific Coast Exposition, as it has never been represented at any exposition before. Assurances have been given by many other states that they will make elaborate displays in their own buildings.

CALIFORNIA MUST LEAD THEM ALL.

The members of the California Association of Washington desire that their native State shall erect a California building and place an exhibit therein that will fittingly represent the Golden State and be second to none at the exposition.

The association, through its officers, therefore strongly urges that your honorable body, now in session, make a liberal and sufficient appropriation to properly accomplish this end.

Yours respectfully,

CALIFORNIA ASSOCIATION OF WASHINGTON,

The President announced that he desired further time to look up authorities on the point of order raised by Senator Carter on the previous legislative day regarding the President's right to cast the deciding vote on a motion to refer Senate Bill No. 265 to a special committee of one for the purpose of amendment.

Whereupon the President asked for and was granted unanimous consent to withhold his decision until a later date.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set on February 16, 1907, being the consideration of a resolution offered by Senator Caminetti regarding the present California Railroad Commission, the same was taken up for consideration.

RESOLUTION OFFERED BY SENATOR CAMINETTI.

WHEREAS, Sections 9, 10, 11, 14, 15, 17, 18, 19, 20, and 21 of Article XII of the Constitution of the State of California, relate to and affect railroad corporations doing business in this State; and

WHEREAS, Some of said sections prescribe conditions and impose restrictions on said corporations for the protection of the people of this State; and

WHEREAS, Some of said sections plainly provide what are the duties of, and what is the authority conferred on, the Railroad Commission of this State; and

WHEREAS, The erroneous idea seems to prevail in some quarters that such commission can act only on the complaint of some individual; and

WHEREAS, From an examination of said above recited sections it is evident that ample and full authority to act upon and remedy many of the abuses which have caused and are now causing injury to the producers, shippers, and consumers of California has been conferred on said commission; and

WHEREAS, It has been absolutely established by evidence taken recently in various places in California by a section of the Interstate Commerce Commission, presided over by the Honorable Franklin K. Lane, and by testimony secured for the National Government by the Honorable James R. Garfield, Commissioner of Corporations of the United States, that railroad corporations have been guilty of abuses, many violations of law, and discriminations, not only as to places and certain industrial activities, but also as to persons, all of which are subject to State regulation; and

WHEREAS, Among the many references in Mr. Garfield's report touching on the subject of railroad discriminations in California, all of which are set forth in the last message of Governor George C. Pardee, the following is found: "The investigations developed the existence of more than eighty different deviations from published tariff rates in oil in California"; and

WHEREAS, Such abuses, violations, and discriminations have gone on unredressed and without receiving any attention and consideration from said Railroad Commission; and

WHEREAS, Experience in other states having the Commission system has proven that by the reasonable and just execution of constitutional and statute provisions on the subject of railroad regulation, great good has resulted to the people; and

WHEREAS, By reason of the power at present conferred by the national government on the Interstate Commerce Commission, and the activity displayed by the members of said Commission in investigating and remedying abuses in interstate railroad traffic, it is not only important, but absolutely essential for this State, in the interest of the producer, shipper, and consumer, to supplement this work within the jurisdiction of this State by an energetic administration of our laws on the subject; and

WHEREAS, By Section 24 of said Article XII it is made the duty of the Legislature to "pass all laws necessary for the enforcement of the provisions," of said article; and

WHEREAS, As suggested by said message of Governor George C. Pardee, there is a "most remarkable absence of statute law," not only as bearing upon Section 21 of said article, but also upon other important and vital provisions of the same; and

WHEREAS, A continuance of the "do nothing" policy of the Railroad Commission would substitute for the adage that "public office is a public trust," that dangerous motto "some public offices are a railroad trust"; therefore, be it

Resolved, That in the opinion of the Senate many of the abuses practiced against the interests of the producers, shippers, and consumers, including discriminations between persons, industries, and places, should have received due consideration by the Railroad Commission in the past, and the Senate expresses the hope that these matters will receive the earnest attention of the present Railroad Commission; and be it further

Resolved, That the Committee on Judiciary is hereby requested to prepare a report to the Senate, at its earliest convenience, of all necessary legislation in the nature of proposed amendments to the Constitution, and also "all laws necessary for the enforcement of the provisions" of said Article XII.

CHARTER AMENDMENT NO. 1 TO THE CHARTER OF THE CITY OF EUREKA.

Article III, Section 43½, The Initiative.

The basis of the percentage hereinafter provided for any petition shall be the total number of voters registered in the city at the last preceding general election prior to the filing of said petition; and all voters registered at said general election or thereafter shall be qualified to sign the petition herein provided for.

Upon presentation to the city council of a petition or petitions signed by qualified electors of the city, in number equal to 10 per cent of said registration, asking for submission to the electors of a measure fully set forth in said petition or petitions, being a measure that the city council might itself adopt, it must either enact such measure without alteration or submit the same to the electorate at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions. But if such petition or petitions are signed by qualified electors in number equal to 20 per cent of said registration, then such measure, if not so enacted by the city council, must be submitted to the electorate at a special election to be called within sixty days from the filing of such petition or petitions.

If such proposed measure is a measure that the city council might adopt, except for the fact that it involves the repeal or amendment of a measure adopted by the electorate, as herein provided, and if in such case said petition or petitions are signed by qualified electors in number equal to 25 per cent of said registration, then such proposed measure must be submitted to the electors of the city at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions.

The method of signing and presenting petitions provided for herein shall be as follows: The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number.

Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within twenty days from the date of filing such petition in his office the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the city council shall allow him extra help for the purpose, and he shall attach to said petition his certificate, showing the result of said examination. Each signature whose genuineness is not called in question by the sworn affidavit of the owner thereof shall be assumed to be genuine. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within twenty days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found sufficient, the clerk shall submit the same to the city council without delay.

Any number of proposed measures may be voted upon at the same election in accordance with the provisions of this section; provided, that there shall not be held under this section more than one special election in any period of six months. Whenever any measure is required or authorized by this charter to be submitted to the electors of the city, at any election, the city clerk shall cause the measure to be printed, and he shall inclose a printed copy thereof in an envelope and shall mail the same to each voter, at least ten days prior to the election, but the city council may order such measure to be printed in the official newspaper of the city, and published in a like manner as ordinances adopted by the city council are required to be published; and may order that such publication shall take the place of the printing and mailing of the measure, as first above provided.

CHARTER AMENDMENT NO. 2 TO THE CHARTER OF THE CITY OF EUREKA.

Article III, Section 43½, The Referendum.

Any measure that the city council or the electorate of the city, as herein provided has authority to adopt, the city council may of its own motion submit to a vote of its constituent electors at a general or special election.

Except as herein provided, no penal ordinance or measure, no ordinance or measure granting any franchise or privilege, and no ordinance or measure making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessments, and contract where the subject matter involved is of less value than \$1,000,) passed by the city council, shall go into effect in less than thirty days after its final passage.

But ordinances and contracts declared by the city council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, passed by a three-fourths vote of the city council, and not obligating the city for a longer period of time than one year, may go into effect at the will of the city council or as otherwise provided by law.

If within said thirty days a petition or petitions signed by qualified electors of the city in number equal to 10 per cent of said registration, is filed with the city clerk, asking that any penal ordinance or measure, any ordinance or measure granting any franchise or privilege, or making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject matter involved is of less value than \$1,000) adopted by the city council, is submitted to the electorate, then such ordinance or measure must either be repealed or submitted to the electors for approval or rejection at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions, or at a special election called prior to such regular city election; and if such ordinance or measure has not gone into effect before the filing of such petition or petitions, and said petition or petitions are signed by qualified electors of the city, in number equal to 15 per cent of said registration, then such ordinance or measure shall not go into effect until and unless adopted at such election, and no ordinance or measure once so submitted shall be again so submitted, except by a vote of the city council, or a petition signed by 25 per cent of said registration.

Said petition or petitions shall be in all respects in accordance with the provisions of Section 43¼, except as to the percentage of signers, and be examined and certified by the clerk in all respects as therein provided.

If a majority of votes cast on any ordinance or measure referred as provided in Sections 43¼ or 43½ herein, to the electors of the city, shall be in favor thereof, it shall, if not already in effect, go into effect as a valid and binding ordinance or measure of the city, ten days after the official count shall be determined, otherwise such ordinance or measure shall be repealed or rejected; such repeal shall take effect ten days after the official count shall be determined. No ordinance or measure approved by the electorate under the provisions of these sections shall be subject to veto, or be amended or repealed except by vote of the electorate or by legislative authority superior to that of the city council.

If the provisions of two or more measures approved and adopted at the same election, under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

Now therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, a majority of all the members elected voting for and concurring herein, that said amendments to the charter of the City of Eureka as proposed to and adopted and ratified by the qualified electors of said city, be and the same are hereby approved as a whole without amendment or alteration for and as amendments to, and as part of the charter of the said City of Eureka, aforesaid.

Also:

On page 2, all of said page, all of pages 3, 4, 5, 6, 7, 8, 9, and 10, and insert in lieu thereof the following:

First—Sections 1, 9, 10, and 11, of Article XIII, are hereby amended so as to read:

SECTION 1. All property in the State except as otherwise in this Constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property," as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership; *provided*, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this State, or to any county or municipal corporation within this State shall be exempt from taxation. The Legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this State.

SEC. 9. A State Board of Equalization, consisting of one member from each congressional district in this State, as the same existed in the year eighteen hundred and seventy-nine, shall be elected by the qualified electors of their respective districts, at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four years. The Controller of State shall be ex officio a member of the board. Said board shall be the successor of the present State Board of Equalization, whose members shall continue in office until their successors, as herein provided for, shall be elected and shall qualify. The Legislature shall have power to re-district the State into four districts, as nearly equal in population as practical, and to provide for the election of members of said Board of Equalization. It shall be the duty of said board to assess and levy the taxes provided for in section fourteen of this article and to perform such other duties in relation to taxation as this Constitution or the Legislature may prescribe. The boards of supervisors of the several counties of the State shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purpose of taxation. Such county boards of equalization are hereby authorized and empowered, under such rules of notice as they may prescribe, to raise or lower any assessment contained in the assessment roll so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll. But no board of equalization shall raise any mortgage, deed of trust, contract or other obligation by which a debt is secured, money, or solvent credit, above its face value.

SEC. 10. All property, except as otherwise in this Constitution provided, shall be assessed in the county, city, and county, town, township, or district in which it is situated, in the manner prescribed by law.

SEC. 11. Income taxes may be assessed to and collected from persons, corporations, joint-stock associations, or companies resident or doing business in this State, except those provided for in subdivisions (a), (b), and (c) of Section 14 of this article, or any one or more of them, in such cases and amounts, and in such manner, as shall be prescribed by law.

Second—There is hereby added to Article XIII two new sections, to be numbered 14 and 15, and to read as follows:

SEC. 14. Taxes levied, assessed, and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing room car, and palace car companies, refrigerator, oil, stock, fruit, and other car-loaning and other car companies operating upon railroads in this State; every company doing express business on any railroad, steamboat, vessel, or stage line in this State; telegraph companies, telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies, banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes and shall be levied, assessed, and collected in the manner hereinafter provided. The word "companies," as used in this section, shall include persons, partnerships, joint-stock associations, companies, and corporations. All property, not exempt from taxation, except those classes of property enumerated in this section, shall be subject to assessment and taxation, in the manner provided by law, for county, city and county, city, town, township, and district purposes. *Provided*, that until the year 1914, the State shall reimburse San Bernardino, Placer, and Yuba Counties for the net loss in county revenues occasioned by the withdrawal of railroad property from county taxation.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit, and other car-loaning and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel, or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentage hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property above enumerated of such companies; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit, and other car-loaning and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel, or stage line, two per cent; on all telegraph and telephone companies, three and one-half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of such companies, except county and municipal taxes on real estate; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(c) The shares of the capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The

banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits, and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State, which has no shares of capital stock, or employed in this State by any branches, agencies or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks," as used in this subdivision, shall include banking associations, savings and loan societies, and trust companies.

(d) Every corporation incorporated under the laws of this State, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious and charitable corporations, and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the State upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this State, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its right to do business in this State, as follows: When the authorized capital stock of the corporation does not exceed ten thousand dollars (\$10,000) the tax shall be ten dollars (\$10); when the authorized capital stock exceeds ten thousand dollars (\$10,000) but does not exceed twenty thousand dollars (\$20,000) the tax shall be fifteen dollars (\$15); when the authorized capital stock exceeds twenty thousand dollars (\$20,000) but does not exceed fifty thousand dollars (\$50,000) the tax shall be twenty dollars (\$20); when the authorized capital stock exceeds fifty thousand dollars (\$50,000) but does not exceed one hundred thousand dollars (\$100,000) the tax shall be twenty-five dollars (\$25); when the authorized capital stock exceeds one hundred thousand dollars (\$100,000) but does not exceed two hundred and fifty thousand dollars (\$250,000) the tax shall be fifty dollars (\$50); when the authorized capital stock exceeds two hundred and fifty thousand dollars (\$250,000) but does not exceed five hundred thousand dollars (\$500,000) the tax shall be seventy-five dollars (\$75); when the authorized capital stock exceeds five hundred thousand dollars (\$500,000) but does not exceed two million dollars (\$2,000,000) the tax shall be one hundred dollars (\$100); when the authorized capital stock exceeds two million dollars (\$2,000,000) but does not exceed five million dollars (\$5,000,000) the tax shall be two hundred dollars (\$200); when the authorized capital stock exceeds five million dollars (\$5,000,000) the tax shall be two hundred and fifty dollars (\$250).

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the State Board of Equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) All the provisions of this section shall be self-executing, but the Legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year after the adoption of this amendment and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature.

SEC. 15. No suit, action, or proceeding shall ever be maintained in any court against this State, or against any officer thereof, to have any tax, levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid; but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Third—Section 10 of Article XI of said Constitution is hereby repealed.

Said commissioners shall be appointed by the mayor, subject to confirmation by a majority of the council. All such appointments shall be so made that not more than two members of the board shall at any one time belong to the same political party. The members of this commission shall serve without compensation.

The term of office of the civil service commissioners shall be two years. If any vacancy occurs the mayor shall fill the same for the unexpired term by appointment, with the affirmation of the council.

The commissioners shall organize by electing one of their number president and one secretary and they shall hold office for one year and until their successors have been elected and have qualified, unless the membership of either on the board sooner expires.

SEC. 2. The mayor, with the consent of the council, may remove any commissioner for incompetency, neglect of duty or malfeasance in office.

SEC. 3. Said commission shall classify all the offices and places of employment mentioned in section 11 of this subdivision with reference to examination herein provided for. The offices and places so classified by the commission shall constitute the classified civil service of the city; and no appointment to any such offices or places shall be made except under and according to the rules hereinafter mentioned.

SEC. 4. Said commission shall make rules to carry out the purposes of this article and for the examinations and appointments in accordance with its provisions, and the commission may, from time to time, make changes in such rules.

SEC. 5. All rules made as hereinbefore provided, and all changes therein, shall be printed for distribution by said commission. The commission shall give notice by publication in the official paper of the place or places where said rules may be obtained, and in such publication shall be specified the date, not less than thirty days subsequent to the date of said publication, when said rules shall go into operation.

SEC. 6. All applicants for office, places, or employments in said classified civil service, shall be subject to examination, which shall be public, competitive and free to all citizens of the United States, with specified limitations as to residence, age, sex, health, habits and moral character. Such examinations shall be practical in their character, and shall relate to those matters which will fairly test the relative capacity of the persons examined to discharge the duties of the position to which they seek to be appointed, and when appropriate, shall include, or exclusively consist of, tests of physical qualifications, health, and manual skill. No question in any examination shall relate to political or religious opinions or affiliations. The commission shall control all examinations, and may, whenever an examination is to take place, obtain the assistance of a suitable person or number of persons to aid it in preparing for and conducting such examinations.

SEC. 7. Notice of time, place, and general scope of every examination shall be given by the commission by publication for two weeks preceding such examination in the official paper, and such notice shall also be posted in a conspicuous place at the city hall and in its office two weeks before such examination. Such further notice of examination shall be given as it may prescribe, *provided*, that, for registration in the class of unskilled laborers, medical or physical examinations may be made or held from day to day as applicants present themselves, and without previous notice.

SEC. 8. From the examinations made by the commission it shall prepare a register, in each grade or class of positions, in the classified civil service, other than

that of unskilled laborers employed by the day, of the persons whose general average standing upon examination for such grade or class is not less than the minimum fixed by the rules of said commission and who are otherwise eligible, and such persons shall take rank upon the register as candidates in order of their relative excellence, as determined by their examinations without reference to the priority of the date of their examinations.

The commission shall also keep a register upon which shall be entered, in the order of their application, the names of all who apply for employment in the class of unskilled laborers, and who, after such medical or physical examination as the board may prescribe are found to be capable of performing in a satisfactory manner the duties of the occupation sought. In case any registered applicant in said class of unskilled laborers shall be employed and subsequently laid off or dismissed through lack of work, or through no fault of his own, that fact shall be forthwith certified to the board of civil service commissioners by the head of the department in which such laborer was employed, and he shall be restored to the original place upon the register.

Sec. 9. The commission by its rules provide for the promotion in such classified civil service on the basis of ascertained merit and seniority in service and examinations, and shall provide in all cases where it is practicable that vacancies shall be filled by promotion. All examinations for promotion shall be competitive among such members of the next lower rank as desire to submit themselves to such examination; and it shall be the duty of the commission to submit to the appointing power the names of not more than three applicants for each promotion having the highest rating; but in fixing said rating a uniform allowance of credits to be stated at the time of the announcement of said examination, shall be made for each year of past service. The method of examination and the rules governing the same and the method of certifying, shall be the same as provided for applicants for original appointments.

Sec. 10. The head of a department in which a position, classified under this article, except a position in the class of unskilled laborers, is to be filled, shall notify said commission of that fact, and said commission shall certify to such officer the name and address of one or more candidates, not exceeding three, standing highest on the register, for the class or grade to which said position belongs. In making such certification, sex shall be disregarded, except when some statute, the rules of said commission, or the appointing power specify sex. Said appointing officer or department shall notify said commission of each position to be filled separately, and shall fill such place from the names certified to him or it by said commission therefor. The candidate thus appointed shall be employed on probation for a period to be fixed by said rules, not exceeding six months. Each candidate, unless he shall be sooner appointed, or otherwise lawfully cease to be a candidate, shall be certified for appointment in the grade or class for which he is eligible not less than three times, and no candidate shall lose his place on the register by certification or rejection, except that said commission may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which the candidate is employed, may discharge him upon assigning in writing the reasons therefor to said commission. If he is not thus discharged during the period of probation, his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or any officer or board may, under such regulations as the commission may by its rules prescribe, make temporary appointments in the classified civil service, to remain in force not exceeding sixty days, and only until regular appointment, under the provisions of this article, can be made.

Sec. 11. The provisions of this article shall apply to the following departments of the city, to wit:

Police, fire, and such other departments or employees of the city as may hereinafter be enacted by ordinance.

Sec. 12. No officer or employee in the classified civil service of the city, other than an unskilled laborer employed by the day, shall be removed or discharged except for cause upon written charges, and after an opportunity to be heard in his own defense. Such charges shall be publicly investigated by the board of police commissioners in the case of an officer or an employee in the police department; by the board of fire commissioners in the case of an officer or employee in the fire department; and by the board of civil service commissioners in all other cases. If the board conducting such investigation shall find that sufficient cause is shown therefor, it shall order that such officer or employee be removed or discharged, such finding and decision shall be final, and except in the case of an officer

or employee in the police or fire departments, shall be certified to and be forthwith enforced by the appointing board or officer.

Nothing in this article shall limit the power of any appointing board or officer to suspend a subordinate for a reasonable period, not exceeding thirty days.

SEC. 13. Immediate notice in writing shall be given by the appointing powers, to said commission, of all appointments, permanent or temporary, made in such classified civil service, and of all transfers, promotions, resignations, or vacancies from any cause in such service, and of the date thereof, and a record of the same shall be kept by said commission. When any office or place of employment is created or abolished, or the compensation attached thereto altered, the officer or board making such change, shall immediately report in writing to said commission.

SEC. 14. The commission shall investigate the enforcement of this article and its rules, and the conduct and action of the appointees in the classified civil service in this city.

SEC. 15. Said commission shall make an annual report to the mayor for transmission to the council. The mayor may require a special report from said commission at any time.

SEC. 19. No applicant for appointment in said classified civil service, either directly or indirectly, shall pay or promise to pay any money or other valuable thing to any person whatever for or on account of his appointment, and no other officer or employee shall pay, or promise to pay, either directly or indirectly, any money or valuable thing whatever, for or on account of his promotion.

SEC. 20. The commission shall certify to the auditor all appointments to offices or places in the classified civil service, or vacancies occurring therein whether by dismissal, resignation or death, and all findings that a person shall be discharged from the classified civil service.

SEC. 21. The term "audited," as used in this charter, with reference to demands upon the treasury, is to be understood to mean that said demands have been presented to, passed upon and approved by every officer and board of officers as required by the charter, or the objections of the auditor have been overruled as herein provided, and this must appear upon the face of the paper representing the demand, or else it is not audited.

SEC. 11. No demand shall be approved by the auditor in favor of any person or officer, or the assignee of any person or officer, who is indebted to the city, without first deducting the amount of such indebtedness, nor in favor of any officer having the collection, custody or disbursement of public funds who shall have failed to account to the city as required by law or this charter; nor in favor of any officer who shall have neglected to make his official returns or report in writing in the manner or at the time required by law or this charter, or by the ordinances or regulations made in pursuance thereof; nor in favor of any officer who may have neglected or refused to comply with any of the provisions of this charter or ordinances of the city, or any act of the legislature regulating the duties of such officer on being required in writing to comply therewith by the mayor or the president of the council; nor in favor of any officer for the time he shall have absented himself, without lawful cause, from the duties of his office during the office hours prescribed by this charter or by ordinance, and the auditor may examine any officer receiving a salary from the treasury on oath touching such absence.

SEC. 12. The auditor must number and keep a record of all demands on the treasury approved by him, or his objection to which have been overruled, showing the number, date, amount and name of the original and present holder, on what account allowed, out of what fund payable and by what officer or board it has been previously approved; and it shall be a misdemeanor in office for the auditor to deliver any demand with his approval thereon, or otherwise, until this requisite has been complied with.

SEC. 13. Every lawful demand upon the treasury, audited and allowed as in this charter required, shall in all cases be paid upon presentation if there be sufficient money in the treasury applicable to the payment of such demand, and the demand canceled with a punch cutting the word "canceled," therein and the proper entry thereof made. If, however, there be not sufficient money so applicable, then it shall be registered in a book kept for that purpose by the treasurer; such register shall show the special number given by the council or other authority and also by the auditor to each demand presented; also when presented the date, amount, name of original holder and on what account allowed, and against what appropriation drawn, and out of what specific fund payable. All demands shall be paid in the order of their registration. Each demand upon being so registered shall be returned to the party presenting it, with the indorsement of the word, "registered," dated and signed by the treasurer; but the registration of any demand shall not operate to recognize or make valid such demand if incurred contrary to law or any of the provisions of this charter.

SEC. 14. Nothing in this article contained shall be construed as interfering with or preventing the payment by the city treasurer of the bonded indebtedness of the city, and the interest coupons thereof, in accordance with the constitution, laws and ordinances authorizing the issuance of said bonds.

SEC. 15. Before any demand which originates in the fire, police, or park departments of the city government can be approved by the council it must first be approved by the board of commissioners having charge of such approval, must be indorsed on such demand and must be evidenced by the signature of the presiding officer of such boards and by the clerk of each.

SEC. 16. All public moneys collected by any officer or employe of the city shall be paid into the city treasury upon written order by the auditor designating the fund to which it belongs, without deduction on account of fees, commissions, or any other cause or pretense; and the compensation of any officer, employe, or other person so collecting money shall be paid by demands on the treasury, duly audited as other demands are audited and paid.

SEC. 17. No suit shall be brought upon any claim for money or damages against the City of Long Beach, its board of education, or the board of library trustees, until a demand for the same has been presented, as herein provided, and rejected in whole or in part.

ARTICLE XI.

REVENUES AND TAXATION.

SECTION 1. On or before the first Monday in July in each year the several heads of departments, offices, boards and commissions shall send to the city council an estimate in writing of the amount of expenditure, specifying in detail the object thereof, required in their respective departments, offices, boards and commissions during the year. Duplicates of these estimates shall be sent to the auditor.

SEC. 2. On or before the first Monday of July of each year, the assessor shall complete his list or assessment roll and shall attach his certificate thereto and deliver it and the books, and maps he may have accompanying the same and all the original lists of property given to him to the city auditor, and the auditor shall thereupon notify the city council and the city clerk shall thereupon notify the taxpayers of

the fact and of the time the city council will meet to equalize assessments, by publication of such notice in a daily newspaper published in the city, and in the meantime the assessment roll, books, maps and other papers accompanying the same must remain in the office of the city auditor for the inspection of all persons interested.

SEC. 3. The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now or may hereafter be prescribed by the ordinances of the city.

SEC. 4. The council shall, on the second Monday of July, sit and act as a board of equalization and be in continuous session during a period of two weeks, and shall have as regards the equalization of said lists powers similar to those conferred by law upon the board of supervisors of Los Angeles county as a board of equalization of state and county taxes.

SEC. 5. The meetings of said board of equalization shall be public. The said board shall have power to increase or diminish the amount of any assessment on said lists, both as to real and personal property; *provided*, that before any such assessment shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which shall be increased, and such owner or owners shall have the right to be heard before the board, under oath. When such assessment list or roll has been equalized it shall be returned by the council to the auditor.

SEC. 6. On or before the first Monday in August in each year, the auditor shall prepare and transmit to the council an estimate of the probable expenditures of the city for the current fiscal year, giving the amount required to meet the interest and sinking funds for any outstanding funded debts, together with the amounts needed for salaries and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be apportioned to each fund in the treasury. The estimate shall also show what amount of income and revenue is likely to be collected from fines, licenses, and all other sources of revenue exclusive of taxes upon property; and shall set forth the probable amount that will be required to be levied and raised by tax upon all property in the city to meet the requirements of such fiscal year.

SEC. 7. The council shall, annually between the first and second Mondays of August, and by a vote of a majority of all the members thereof, make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the city for the fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the council may determine.

SEC. 8. The budget shall, when completed by the council, be delivered to the mayor, who may within five days after such delivery to him veto any item in said budget in whole or in part, and it shall require the vote of at least five members of the council to overcome such veto. After the final estimate is made in accordance herewith, it shall be signed by the mayor and city clerk and the several sums shall then be appropriated for the fiscal year to the several purposes and departments therein named. The estimate shall thereupon be filed in the office of the auditor.

SEC. 9. The council must cause to be raised annually according to law and collected by tax the amounts so appropriated, less the amounts received from fines, licenses and other sources of revenue.

SEC. 10. The council may appropriate in the aggregate during each year not to exceed one thousand dollars for necessities not otherwise provided for by law, but no money shall be paid out of this appropriation unless authorized by a vote of at least four members of the council and approved by the mayor.

SEC. 11. The council shall, before fixing the rate of the annual city tax, establish by ordinance separate funds representing the several funded obligations of the city, if any, and the several departments requiring municipal expenditures, including a general fund, and the percentage of the tax levy shall be named for each fund, and the whole amount of the taxes and revenue of the city apportioned accordingly, and no transfers shall be made, except of balances in excess of requirements or from the general fund to meet deficiencies in any fund, unless otherwise provided in this charter.

SEC. 12. The council shall, on or before the first Monday of September, in each year, by ordinance, fix the rate of taxes to be levied, and levy the tax upon all property, both real and personal, in the city necessary to raise sufficient revenue to carry on the various departments of the municipal government for the current fiscal year; *provided*, that the rate of taxes so levied shall not exceed, in any one year, one dollar for each one hundred dollars upon the assessment roll, exclusive of what may be necessary for the payment of the principal and interest on the bonded indebtedness of the city for school and library purposes.

SEC. 13. As soon as the city council has fixed the rate of taxes for the year, the auditor must complete, and enter into a separate column in the assessment book, the respective sums in dollars and cents, rejecting the fractions of a cent, to be paid on the property therein enumerated, and foot up the columns, showing the total amount of taxes, and on or before the fourth Monday in September he must deliver said corrected and completed assessment book to the city tax collector, and charge the collector with the full amount of the taxes levied.

SEC. 14. Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the party against whom such assessment is made. Every such assessment and the lien thereof shall have the force and effect of an execution duly levied upon all property owned by the party assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment shall not be satisfied nor discharged until the tax assessed against the property is paid, or the property sold for the payment thereof.

SEC. 15. The city shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles county. The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereafter, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county; *provided, however*, that the council may, by ordinance, regulate the time or times and the method of the collection of said taxes within each fiscal year, and prescribe by what officer the respective duties appertaining to such collection and enforcement shall be performed. All such proceedings, sales, certificates and conveyances had, made, and executed by them in pursuance thereof, shall be of like force, effect and validity as is or may hereafter be given by law to like proceedings and acts in the matter of the collections of state and county taxes in said county.

SEC. 16. All sales for delinquent taxes shall be made to the City of Long Beach unless otherwise regulated by ordinance.

SEC. 17. The council may, by an order entered upon its journal, extend for not exceeding thirty days the time fixed in this article for the performance of any act.

SEC. 18. All fines and forfeitures arising under the revenue and taxation laws as applied to the city, may, in civil cases, be recovered in the name of the city, and, together with all other moneys collected or received by any officer of the city, under said laws, shall be for the use of the city. When real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city in like case and in like manner, and with like effect as it may be struck off or sold to the state when offered for sale for state and county taxes, and the council shall have the same powers and duties in relation to such property as are given by law to the state board of equalization in case of a sale to the state, but no certificate or receipt need be delivered to the state controller.

SEC. 19. No officer shall be required to send or transmit any statement or report to any state, officer or board.

SEC. 20. All papers and instruments required to be filed or recorded with or by the county recorder by the revenue or taxation laws of this state, shall, under said laws as applied to the city, be, in like manner and with like effect, filed with and recorded by the county recorder of Los Angeles county.

SEC. 21. Whenever the council shall determine that the public interest requires the construction, or acquisition, or completion of any permanent municipal building, school building, high school building, sewer, property, water right, bridge, or other public improvement, or utility, the cost of which, in addition to the other expenditures of the city, will exceed the income and revenue provided for in any one year, they may, by ordinance, submit a proposition to incur a debt for such purpose, and proceed therein as provided in section eighteen of article eleven of the constitution of this state and general law or laws thereof; *provided*, that such indebtedness shall not bear more than five per cent interest per annum, and that no bond issue therefor shall be sold for less than par value and to the highest bidder, after advertising for sealed proposals therefor.

SEC. 22. It shall be the duty of the assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for the collection of said taxes. In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levied for the preceding year.

SEC. 23. Immediately after fixing the assessment of such property he shall serve on its owner or owners a notice in writing, which shall certify the assessed valuation of the property, the rate of taxation, and the amount of tax payable, and contain a demand for the payment of said tax within three days after the service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed. Upon the expiration of said three days after such service, if the tax demanded still remains unpaid, or payment thereof be not secured to the satisfaction of the city attorney and city assessor, the assessor shall forthwith proceed to collect the same by seizure of any personal property owned by the delinquent.

SEC. 24. The said sale shall be made by him in the manner provided in sections thirty-seven hundred and ninety-one, thirty-seven hundred and ninety-two,

thirty-seven hundred and ninety-three, thirty-seven hundred and ninety-four, thirty-seven hundred and ninety-five, and thirty-seven hundred and ninety-six of the Political Code of the State of California: *provided*, that the newspaper referred to in section thirty-seven hundred and ninety-two shall be published in the City of Long Beach.

SEC. 25. As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from whom the collection was made, or his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

SEC. 26. Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

SEC. 27. The assessor shall carefully note upon his assessment list, and also in a book to be kept by him for the purpose, all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

SEC. 28. In case the assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment; and the council is authorized and directed to cause proper action or actions at law to be brought against said assessor and the sureties on his official bond to recover the same.

ARTICLE XV.

ELECTIONS.

SECTION 1. Elections to be held in said city for the purpose of electing the officers of said city, and for all other purposes, are of two kinds;

(1) General municipal elections.

(2) Special elections.

SEC. 2. General municipal elections shall be held in said city on the first Tuesday in December, 1907, on the first Tuesday in December, 1909, and on the first Tuesday in December every two years thereafter, at which shall be elected:

A Mayor.

Seven members of the City Council.

A Clerk, who shall be ex-officio Assessor.

Attorney.

Treasurer.

Police Judge.

Auditor.

Tax and License Collector.

SEC. 3. All officers provided to be elected by this charter shall take office on the first Monday after the first day of January next after their election.

For the sole purpose of election of the officers directed by this charter to be elected by the people, this charter shall take effect immediately after its approval by the legislature; and such election shall be managed and conducted in accordance with the general election laws of the state. For all other purposes this charter shall take effect on the first Monday after the first day of January, 1908.

In the case of a special election to fill a vacancy, the person elected shall, after qualifying, as herein provided, enter at once upon the discharge of the duties of the office to which he has been elected, and shall serve for the remainder of the term and until his successor shall have been elected and qualified.

SEC. 4. In the event of a vacancy in the city council, a special election for the purpose of filling the same shall be ordered and held without delay. In the event of a vacancy in any other elective office the council shall fill such vacancy for the unexpired term.

SEC. 5. The council shall have power to submit to the electors of said city at any election any question required to be so submitted by the constitution, the law, this charter, or by ordinance: *provided*, that in case such questions is required by said constitution, law, charter or ordinance to be submitted at special or other particular kind of election, it shall be so submitted, and not otherwise.

THE INITIATIVE.

SEC. 6a. Any proposed ordinance may be submitted to the council by a petition signed by the registered voters of the city equal in number to the percentages hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature, his place of residence, giving the street and number. One of the signers of such paper shall make oath before an officer competent to administer oaths, that the statements therein made are

true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

If the petition accompanying the proposed ordinance be signed by electors equal in number to thirty per cent. of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote under the provisions of section 6b of this charter); and if the ordinance shall be passed by the council, but shall be vetoed by the mayor, and on reconsideration shall fail of passage by the council, then, within five days after determination that said ordinance shall have so failed of final adoption, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people; or,

(b) Forthwith after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

If the petition be signed by electors equal in number to at least ten per cent. but less than fifteen per cent. of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

The ballots used when voting upon said proposed ordinance shall contain the words "For the ordinance" (stating the nature of the proposed ordinance) and "Against the ordinance" (stating general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a binding and valid ordinance of the city; and any ordinance proposed by petition, or which shall be adopted by a vote of the people cannot be repealed or amended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section: *provided* that there shall not be held under this section of the charter, more than one special election within a period of 12 months.

The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed, and he shall enclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter, at least ten days prior to the election, but the city council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition, and of the sample ballot as first above provided.

THE REFERENDUM.

SEC. 6b. No ordinance passed by the city council (except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements, and except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds vote of the council, but no grant of any franchise shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided), shall go into effect before thirty days from the time of its final passage and its approval by the mayor; and if during said thirty days a petition signed by electors of the city equal in number to at least twenty-five per cent of the entire vote cast for all candidates for mayor at

the last preceding general election at which a mayor was elected, protesting against the passage of such ordinance, he presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance, and if the same is not entirely repealed, the council shall submit the ordinance as is provided in section 6a of this charter, to the vote of the electors of the city, either at the next general election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said section 6a, except as to the percentage of signers, and be examined and certified by the clerk in all respects as is therein provided.

THE RECALL.

SEC. 6c. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least 40 per centum of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding the election of a successor of the person sought to be removed, shall be filed with the city clerk; *provided* that the petition sent to the council shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay. If the petition shall be found to be sufficient the city council shall order, and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The city council shall make or cause to be made publication of notice, and all arrangements for holding of such election; and the same shall be conducted, returned, and the result thereof declared, in all respects as are other city elections.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself and, unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

SEC. 7. If any special election be ordered held and conducted, it shall be ordered, held and conducted (except as to the date thereof) and the result thereof made known and declared, in the same manner as herein provided for other elections.

SEC. 8. The council of said city shall by ordinance order the holding of all elections. Such ordinances shall specify the object and time of, and place and places within the limits of each ward, for the holding of such election, and the names of the inspector and judges for each ward or precinct of each ward as the case may be, who must be residents thereof, to conduct the holding of and make returns of such election; *provided* that the council may by said ordinance divide any of the wards into two or more precincts, specifying the boundary of each precinct, and provide for the holding of an election in each of said precincts. Said ordinance shall be published in some daily newspaper, printed and published in said city, for at least ten days prior to the time appointed for the holding of the elections.

SEC. 9. Returns of all elections shall be made to the council, who shall, within ten days thereafter, either at a regular or special meeting, canvass the returns and declare the result thereof, and order certificates of election to be issued by

the city clerk to the persons elected. The council shall be the judge of the qualifications of all the elective officers.

Sec. 10. All elections shall, in all other respects, be conducted and held in accordance with the provisions of the laws of the state for the holding of general elections in effect at the time.

Sec. 11. No person shall be eligible to any municipal office under this charter who at the time of his election or appointment is not a qualified elector of this city and to be eligible to the office of member of the council, the person elected must also have been a resident of the ward from which he is elected for at least two years next preceding his election; and in case any member of the council shall remove from the ward which he represents, his office shall immediately become vacant and shall be filled as directed in this charter: *provided, however*, that in case the boundaries of any ward are changed, no member of the council whose residence is thereby included within a different ward from that from which he was elected shall lose his office by reason of such change.

Sec. 12. The qualifications of an elector at any election held in pursuance of this charter shall be the same as those prescribed by the laws of this state for an elector at a general state election, in force at the time of such election: *provided* that when any such municipal election is held after the completion of the register for any general state election, all persons who are on the last such register completed, and also all persons who have registered since the completion thereof, and before the closing of registration for such municipal election, shall be entitled to vote at such municipal election. Registration and transfers of registration for any such municipal election shall cease for the same period before the holding thereof as it or may be provided in the case of general state elections.

SPECIAL ORDER RESET.

The hour having arrived for the consideration of the special order heretofore set on February 18, 1907, for this day, being the consideration of Senate Bill No. 440—An Act to regulate the practice of barbering, the registering and licensing of persons to carry on such practice, and

gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of such companies, except county and municipal taxes on real estate: *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(c) The shares of the capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies.

(d) Every corporation incorporated under the laws of this State, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious and charitable corporations and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the State upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this State, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its right to do business in this State, as follows: when the authorized capital stock of the corporation does not exceed ten thousand dollars (\$10,000) the tax shall be ten dollars (\$10.00); when the authorized capital stock exceeds ten thousand dollars (\$10,000) but does not exceed twenty thousand (\$20,000) the tax shall be fifteen dollars (\$15.00); when the authorized capital stock exceeds twenty thousand

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the State Board of Equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) All the provisions of this section shall be self-executing, but the Legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year after the adoption of this amendment and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature.

SEC. 15. No suit, action, or proceeding shall ever be maintained in any court against this State, or against any officer thereof, to have any tax, levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid; but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Third. Section 10 of Article XI of said Constitution is hereby repealed.

Sec. 17. The people reserve to themselves the power to propose amendments to this article and also to propose laws to carry out the provisions thereof, and to adopt, enact or reject the same at the polls independent of the action of the Legislature, and also reserve power at their option to approve or reject at the polls any Act of the Legislature passed in pursuance of Section 16 of this article. The first power reserved by the people as above specified is the initiative, and not more than eight per cent of the legal voters shall be required to propose any amendment to this article or any law to carry out the provisions thereof, by petition and every such petition shall include the full text of the amendment or law so proposed. Initiative petitions shall be filed with the Secretary of State not less than four months before the election at which they are to be voted upon.

The second power reserved as above specified is the referendum, and it may be ordered by petition signed by five per cent of the legal voters, on any law passed by the Legislature to carry out the provisions of this article. Referendum petitions shall be filed with the Secretary of State not more than ninety days after the final adjournment of the session of the Legislature which passed such law on which the referendum is demanded. All elections on matters referred to the people of the State under the provisions of this section shall be had in the biennial regular general elections, except when the Legislature shall order a special election. Any amendment to this article or any law referred to the people shall take effect when it is approved by a majority of the votes cast thereon and not otherwise. The veto power of the Governor shall not extend to any law submitted to the people under the provisions hereof. The enacting clause of every law submitted as herein provided shall be: "The people of the State of California do enact as follows." This section shall not be construed to deprive any member of the Legislature of the right to introduce any measure. The whole number of votes cast for Governor at the regular election last preceding the filing of any petition for the initiative or for the referendum shall be the basis on which the number of legal voters necessary to sign such petition shall be counted. Petitions and orders for the referendum shall be filed with the Secretary of State, and in submitting the same to the people, he and all other officers, shall be guided by the general laws and the Act submitting this amendment until legislation shall be especially provided therefor.

PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

To His Excellency James N. Gillett, Governor of California, and to the Senate, and to the Assembly, of the State of California.

We, the undersigned citizens of California, send greeting:

And we hereby earnestly petition your favorable action in passing at the present session of the Legislature remedial legislation on the subject of divorce substantially as set forth in Senate Bills Nos. 402, 403, 404, 405, and 406: providing (1) for

divorce from bed and board, and personal service on defendant, whether within or without the State, and for restriction of migratory divorces; (2) for requiring the District Attorney to appear in all divorce proceedings in his county in behalf of the State to prevent collusion or fraud, or a one-sided presentation of default cases; (3) for making it a misdemeanor crime to be guilty of any of the acts or omissions that constitute a ground for divorce, or to be guilty of collusion or fraud in divorce proceedings; (4) providing for service of summons and all other papers in divorce cases on the District Attorney and giving the co-respondent in adultery cases notice and right to intervene.

And in support of our petition we recite the significant facts: (1) That the number of divorces has increased to an alarming extent, illustrated by the fact that in Los Angeles County in 1905 one divorce case was filed to every four marriage licenses issued; (2) Judges estimate that in ninety per cent (90%) of divorce cases there is no appearance by defendant; (3) More than one half the divorces granted in California are for trivial causes such as desertion and failure to provide; (4) The best thought and civic conscience of our entire nation is now being aroused to a recognition of the alarming growth of the divorce evil, a fact recognized by the President of the United States in his last annual message to Congress.

We plead (1) for a more practical and more just system of sifting out the right and wrong in divorce cases; (2) for the right to demand legal separation only, where the injured one in marital troubles has conscientious scruples against absolute divorce; (3) for the appropriate punishment of those who wilfully violate the solemn obligations of the sacred marriage vow; (4) for the more adequate protection of the sacred marriage relation; and (5) for the stability and permanence of the home, because the home is the rock upon which both the State and the nation are founded, and if the home decays, both State and nation must crumble and fall.

By Senator Mattos:

SAN FRANCISCO, February 20, 1907.

To the Honorable J. G. Mattos Jr., Member of the Senate:

DEAR SIR: The introduction into the Assembly by Mr. Percival, Assembly Bill No. 264, an Act to regulate the practice of barbering, and said bill has been referred to the Committee on Judiciary for their consideration;

WHEREAS, Said bill, a duplicate and several of the disreputable bills, the enforcement of which by our late commissioner proved to be a gross failure and a discredit to the barbers in general; and,

WHEREAS, The said bill was repealed by the Senate and Assembly in the year 1905, at the request of 90 per cent of the barbers of the State of California, and,

WHEREAS, The body of men as formerly are now endeavoring to force through the present session of the State Senate and Assembly the same bill, and,

Resolved, To bring this matter before you and humbly ask you to withdraw your approval of said bill and protect our craft from these intruders, as no possible benefit can arise from the creation of a barber commission other than to the troublesome board of commissioners.

Thanking you in advance, we, the committee of the Barbers' Protective Union,

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 22, 1907.

To the Senate of the State of California:

GENTLEMEN: I have the honor to return herewith, without my approval, Senate Bill No. 447—An Act providing for the cancellation of bonds to secure the uniform performance of the conditions of franchises or privileges, the exoneration of the sureties on such bonds, and the filing and acceptance of new bonds in lieu thereof.

This bill is intended to provide a method for the substitution of new sureties upon bonds given to secure the observance, fulfillment, and performance of each and every term or condition of franchises granted by counties or municipalities.

I am in accord with the apparent purpose of this Act, but through inadvertence the bill is worded in such a manner that it exonerates the sureties from all past as well as future liabilities. I am fully satisfied that it was not the intention of the framers of this bill, nor of the Legislature, to relieve the sureties from those liabilities already incurred.

Upon the attention of the author of this bill being called to this defect, he immediately prepared and has introduced Senate Bill No. 821, that apparently safeguards the interests of all counties and municipalities, and yet provides an adequate system for the substitution of new bondsmen to replace those who for proper reasons desire to be released from such bonds.

J. N. GILLETT,
Governor of the State of California.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 447 sustained by the following vote:

AYES—None.

NOES—Senators Anderson, Anthony, Bell, Belshaw, Boynton, Caminetti, Carter, Greenwell, Hartman, Irish, Keane, Leavitt, Lukens, Lynch, Mattos, McCartney, McKee, Miller, Muenter, Nelson, Price, Rambo, Reilly, Rush, Sanford, Savage, Walker, Weed, Welch, Willis, Wolfe, and Wright—32.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 21, 1907.

ANNOUNCEMENT OF DECISION ON POINT OF ORDER.

The President announced that he was now prepared to give his decision on the point of order raised by Senator Carter on February 18, 1907, relative to the President's right to cast a deciding vote, and decided as follows:

On February 18, 1907, the Senate having under consideration Senate Bill No. 265, motion was made by Senator Price that a special committee of one to amend said bill be appointed, and the motion coming up for consideration on roll call the ayes were sixteen votes and the noes sixteen votes, whereupon the President announced the vote and declared the motion lost. A point of order was raised that as the motion had resulted in a tie vote the President was entitled to cast the deciding vote, and to that point of order there was raised a further point of order that the vote having been announced and the result declared, the President could not cast any further vote. The latter point the Chair declares well taken, but had not the Chair inadvertently announced the result it would have cast the deciding vote, as the rule is plain that under the Constitution of this State the President of the Senate has the casting vote on all matters where there is a tie vote, whether the members are all voting or not, except that in cases of the final passage of bills the Constitution requiring twenty-one votes to pass any bill, this casting vote can not be given unless the entire vote of the Senate is exhausted and the vote is twenty to twenty—in such cases only can the President cast the deciding vote. For the reasons hereinbefore given the Chair adheres to the ruling that the motion of Senator Price for the appointment of a special committee of one to amend Senate Bill No. 265 is declared lost.

COMMITTEE SUBSTITUTE FOR SENATE BILLS NOS. 21 AND 394.

An Act to establish a standard form of fire insurance policy and to prevent variations therefrom, except under certain stated conditions and restrictions.

The People of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. The following is adopted as a standard form of fire insurance policy for the State of California:

CALIFORNIA STANDARD FORM OF FIRE INSURANCE POLICY.

No. \$
(Leave space of six inches for name and location of corporation).

In consideration of dollars, premium, does insure
of and legal representatives, for the term
of from the day of
19 .., at noon, to the day of 19 .., at noon, against
all loss or damage by fire, to the amount of dollars, to the following
described property while located and contained as described herein, to wit:

(Leave space of six inches for written form.)

Property not covered.

UNLESS SPECIALLY MENTIONED, bills of exchange, notes, accounts, evidences of debt, certificates of stock, manuscripts, money, and patterns, are not included in said insured property.

Perils not covered by this policy.

SAID PROPERTY IS INSURED AGAINST all loss or damage by fire originating from any cause other than insurrection, foreign enemies, riots, usurped power, or by order of civil or military authority; unless such order is given to prevent the spread of fire endangering said property; in which event this company shall be liable for loss or damage regardless of the means employed.

Amount of loss—how determined.

THE AMOUNT OF LOSS OR DAMAGE, unless otherwise herein provided, to be determined according to the actual cash value of the insured property at the time such loss or damage occurs.

Matters avoiding policy.

THIS POLICY SHALL BE VOID if the insured has fraudulently misrepresented any material fact concerning this insurance, or if in the event of fire the insured shall willfully, wantonly, or fraudulently fail to use all reasonable means to save and preserve the property covered by this policy.

Matters suspending policy.

THIS POLICY SHALL BE SUSPENDED during the existence or continuance of the acts or conditions specified as follows: If the insured has, or shall hereafter obtain, any other insurance on the said property without the written assent of this company, —or if without such assent the said property shall be removed, except that, if such removal shall be necessary for the preservation of the property from fire, this policy shall be valid without such assent for five days thereafter, —or if without such assent the conditions affecting the risk shall, with the knowledge and within the control of the insured, be so changed as to cause a material increase of hazard, —or if without such assent this policy shall be assigned, —or if the premises hereby insured shall become vacant by the removal of the owner or occupant and so remain vacant for more than fifteen consecutive days without such assent, —or if it be a manufacturing establishment in which machinery is operated, running at night later than ten o'clock, without such assent, —or if it cease to be operated for more than thirty consecutive days, without such assent, —or if gunpowder, or other articles subject to legal restriction shall be kept in quantities or manner different from those allowed or prescribed by law, —or if, without such assent, gasoline, benzine, naphtha or other chemical oils or burning fluids in excess of one quart each shall be kept or used by the insured on premises described, except that refined petroleum, kerosene, or coal oil of legal test may be used for lighting and heating, and kept on sale in quantities not exceeding five barrels.

Notice of loss.

IN CASE OF LOSS OR DAMAGE under this policy the insured shall, without unnecessary delay, give notice in writing to this company, or its agent.

Proof of loss.

THEREAFTER AND WITHOUT UNREASONABLE DELAY, the insured shall serve on this company or its agent, a verified proof of loss setting forth in detail the value of the property insured, the amount claimed thereon, the interest of the insured therein, all other insurance thereon, the purpose for which the building insured, or containing the property insured, was used, and the time at which and manner in which the fire originated, so far as known to the insured.

This company may also examine the books of account and vouchers of the insured, and make extracts from the same.

Payment of loss.

THIS COMPANY SHALL PAY, within sixty days after the insured shall have submitted proof of loss as provided in the preceding clause, the amount for which it shall be liable, which amount, if not agreed upon, may be ascertained by award of appraisers as hereinafter provided, or it may, within fifteen days after such proof of loss is submitted, notify the insured of its intention to rebuild or repair the premises, and shall thereupon enter upon said premises and rebuild or repair the same with reasonable expedition.

Appraisal clause.

IN THE EVENT OF DISAGREEMENT as to the amount of loss or damage, other than on personal property totally destroyed, the same shall, upon the written demand of either the insured or this company, be ascertained by appraisers; *provided*, that such demand on the part of this company shall be made within fifteen days after the service of insured's proof of loss, in which event the insured and this company shall each select a competent and disinterested appraiser, and the two so chosen shall first select a competent and disinterested umpire, who shall be a resident of the county in which the loss occurred; the appraisers together shall then estimate and appraise the loss, stating separately sound value and damage, and, failing to agree, shall submit their differences to the umpire; and the award of any two shall determine the amount of such loss; the parties thereto shall pay the appraiser respectively selected by them, and shall bear equally the expenses of the appraisal and umpire.

Apportionment of loss.

IF THERE SHALL BE ANY OTHER INSURANCE on the property described, the insured shall recover under this policy no greater proportion of the loss or damage sustained than the sum hereby insured bears to the whole amount insured thereon.

Subrogation.

WHENEVER THIS COMPANY SHALL PAY ANY LOSS, the insured shall, if required assign to it, the extent of the amount so paid, all rights to recover satisfaction for the loss or damage from any person, or corporation, excepting other insurers.

Mortgage clause.

IF THIS POLICY SHALL BE MADE PAYABLE TO A MORTGAGEE of the insured property, no act or default of any person other than such mortgagee shall affect such mortgagee's right to recover in case of loss or damage on said property; *provided*, that the mortgagee shall, on demand, pay for any increase of risk not paid for by the insured, and whenever this company shall pay to a mortgagee any sum on account of loss or damage under this policy for which it is claimed by this company that no liability exists as to the mortgagor, this company shall, to the extent of such payment, be subrogated to all the rights of the party to whom such payments shall be made in and to all securities held as collateral to the mortgage debt; and if this company shall elect to pay the mortgagee the full amount secured by such mortgage, the mortgagee shall assign and transfer to this company, upon such payment, the said mortgage, together with the note and debt thereby secured.

Cancellation clause.

THIS POLICY MAY BE CANCELED at any time at the request of the insured, who thereupon shall be entitled to a return of the portion of the premium remaining, after deducting the customary short rate for the time this policy shall have been in force.

This company also reserves the right, after giving written notice to the insured, and to any mortgagee, or other party to whom this policy is made payable, and tendering to the insured a ratable proportion of the premium, if paid, to cancel this policy as to all risks subsequent to the expiration of five days from the service of such notice.

Time for commencing action.

NO ACTION AGAINST THIS COMPANY for the recovery of any claim by virtue of this policy shall be sustained in any court of law of this State, unless commenced within one year from the time the loss or damage occurred; delay in serving proof of loss shall not prevent recovery, but shall postpone the accrual of his cause of action until sixty days after such service.

Provision for mutual insurance.

IF THIS POLICY BE MADE BY A MUTUAL or other company having special regulations lawfully applicable to its organization, membership, policies, or contracts of insurance, such regulations shall apply to and form a part of this policy as the same may be written or printed upon, attached, or appended hereto.

IN WITNESS WHEREOF, this company has executed and attested these presents this _____ day of _____ 19____.

On motion of Senator Willis, the following report was ordered printed in the Journal:

SUPPLEMENTAL REPORT ON CODIFIED COUNTY GOVERNMENT BILL.

SACRAMENTO, February 25, 1907.

To the Senate Judiciary Committee.

GENTLEMEN: Your Sub-Committee on Code Revision Bills hereby files its supplemental report with reference to Senate Bill No. 811, the codified county government bill, as follows: The title comprises the Act of April 1, 1897, entitled "An Act to establish a uniform system of county and township governments" (Stats. 1897, 452), hereafter in notes to this title referred to as the "Act of 1897," together with all Acts to date amendatory or supplementary thereto.

All changes therein, and additions thereto, have been noted. All sections of said Act of 1897, except Sections 11, 12, 13, 232, 233, and 234 have been inserted. Sections 11 and 12 omitted, as they properly form part of Chapter II in the preceding title to which they have been added in another bill heretofore introduced in the Senate at this session. Section 13 has been omitted because it has been declared unconstitutional by the Supreme Court (*Ex parte Anderson*, 134 Cal., 53). Sections 232, 233, and 234 are excluded as unnecessary.

Sections 4007, 4020, 4220, and 4221 are respectively Sections 4007, 4107, 4273, and 4271 of the present Political Code carried into this title under the former numbers. Sections 4000 to 4347, both inclusive, now in Title II, Part IV of the Political Code, are repealed, as the subject matters therein contained are fully covered by the said title as now reported.

By the insertion of the County Government Act into this Code, its reenactment at almost every session of the Legislature will be avoided, as amendments may be made after the passage of this Act by mere amendment of the respective sections of the Political Code herein contained.

The provisions that all Acts or parts of Acts inconsistent therewith are hereby repealed, generally found in them, leave in their train portions of former Acts in force. The Supreme Court on the 23d of June, 1899, for instance, in the case of *Paris vs. Post*, 125 Cal., 210, decided "that Section 191 of the County Government Act of 1893, being a later expression of legislative will than Section 2641 of the Political Code, with which it is inconsistent, must prevail," and yet since the date that the Act of 1897 went into operation it was the Act governing the several counties, notwithstanding the County Government Act of 1893. For an interesting discussion on the effect of such repealing clauses as "All Acts and parts of Acts in conflict herewith are hereby repealed," in connection with County Government Acts, see also *Freeman vs. Marshall*, 137 Cal., 159, 163. How many more provisions of the various County Government Acts which have been heretofore enacted will be brought up as occasions arise in litigation, it is impossible to say. In this state of affairs, it is recommended that after this revision of the title shall have been in force long enough not to affect incumbents holding under the old Acts, all County Government Acts enacted in other form be expressly repealed.

This bill is not new legislation, but is a codification to date of such former legislation on the subject as is still in force, and the Fee Bill Act of 1896, and a few other statutes which, it is thought, properly come within the scope of county government, have also been codified herein.

Sec. 4000. Every county is a body corporate and politic, and as such has the powers specified in this title, and such other powers as are necessarily implied from those expressed.
